**QUESTIONS AND ANSWERS ABOUT
THE PROXY MATERIALS AND THE ANNUAL MEETING**

Who is soliciting my vote?

The Board of Directors of bioAffinity Technologies, Inc. is soliciting your proxy to be used at the Annual Meeting.

Why did I receive a one-page Notice in the mail regarding the internet availability of proxy materials this year instead of a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (the “**SEC**”), we have elected to mail to our stockholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of the proxy materials. All stockholders receiving the Notice will have the ability to access the proxy materials over the internet and receive a paper copy of the proxy materials by mail on request. Instructions on how to access the proxy materials over the internet or to request a paper copy may be found in the Notice. In addition, the Notice contains instructions on how you may access proxy materials in printed form by mail or electronically on an ongoing basis. This process has allowed us to expedite our stockholders’ receipt of proxy materials, lower the costs of distribution, and reduce the environmental impact of our Annual Meeting.

When and where will the Annual Meeting be held?

The Annual Meeting will be held on Friday, July 25, 2025, at 8:00 a.m. Central Time, at the Company’s principal office at 3300 Nacogdoches Road, Suite 216, San Antonio, Texas 78217.

What do I need to do if I would like to attend the Annual Meeting?

If you wish to attend the Annual Meeting in person, you must present a valid form of photo identification, such as a driver's license. If you are a beneficial owner of Common Stock that is held of record by a bank, broker, or other nominee, you will also need proof of ownership to be admitted. In this regard, a recent brokerage statement or a letter from your bank or broker are examples of proof of ownership. The Company reserves the right to prohibit cameras, recording equipment, or electronic devices in the Annual Meeting.

What am I voting on at the Annual Meeting?

The purpose of the Annual Meeting is to vote on the following items described in this Proxy Statement:

Proposal No. 1: To elect the seven director nominees listed in this Proxy Statement to serve until the next Annual Meeting of Stockholders and until their successors are duly elected and qualified.

Proposal No. 2: To ratify the appointment of WithumSmith+Brown, PC as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2025.

Proposal No. 3: To consider and approve an amendment to the Company's Certificate of Incorporation, as amended, in substantially the form attached to this Proxy Statement as **Appendix A**, at the discretion of our Board, to effect a reverse stock split (the "**Reverse Stock Split**") with respect to the Company's issued and outstanding shares of Common Stock, as well as stock held by the Company as treasury shares, at a ratio of 1-for-2 to 1-for-100 (the "**Range**"), with the ratio within such Range (the "**Reverse Stock Split Ratio**") to be determined at the discretion of the Board and included in a public announcement, subject to the authority of the Board of Directors to abandon such amendment (the "**Reverse Stock Split Proposal**");

Proposal No. 4: To consider and approve the issuance of up to an aggregate of 2,926,166 shares of our Common Stock upon the exercise of our Common Stock purchase warrants issued in connection with our private placement offering that closed on February 26, 2025, that may be equal to or exceed 20% of our Common Stock outstanding before such offering (the "**Warrant Exercise Proposal**").

Proposal No. 5: To consider and approve an amendment to the Company's Certificate of Incorporation, as amended, in substantially the form attached to this Proxy Statement as **Appendix B**, at the discretion of our Board, to effect an increase in the authorized number of shares of Common Stock from 100,000,000 to 350,000,000 (the "**Authorized Increase Proposal**").

Proposal No. 7: To consider and approve the adjournment of the Annual Meeting to a later date, if necessary or appropriate, to permit further solicitation and vote of proxies in the event that there are insufficient votes for, or otherwise in connection with, the approval of the Reverse Stock Split Proposal, Warrant Exercise Proposal, the Authorized Increase Proposal, and/or the Anti-Dilution Adjustment Proposal (the "**Adjournment Proposal**").

Additionally, the proxies, at their discretion and if designated as such, are authorized to vote upon such other business as may properly come before the Annual Meeting or any continuation, postponement, or adjournment thereof.

Who is entitled to vote?

Stockholders as of the close of business on the record date of May 29, 2025 (the "**Record Date**"), are entitled to vote at the Annual Meeting or any postponement or adjournment thereof. As of the Record Date, there were [] shares of Common Stock outstanding.

How many votes per share of Common Stock held are stockholders entitled to?

Stockholders have one vote per share on all matters presented at the Annual Meeting.

What is the difference between holding shares of Common Stock as a "stockholder of record" and holding shares in "street name"?

Shares held as a "stockholder of record" (also called a "registered holder") are shares held directly in your name. Shares held in "street name" are shares held for you in an account with a broker, bank, or other nominee.

How do I vote my shares?

If you are a *registered holder*, you may vote:

- **By internet.** Via the Internet at www.proxyvote.com;
- **By telephone.** If you are located within the United States and Canada, call 1-800-690-6903 (toll-free) from a touch-tone telephone;

Internet and telephone voting facilities will close at 11:59 p.m. Eastern Time on July 24, 2025, for the voting of shares held by stockholders of record as of the Record Date. Proxy cards with respect to shares held of record must be received no later than July 24, 2025.

If you hold your shares in *street name*, you may vote:

- **By mail:** By returning a properly executed voting instruction form by mail, depending upon the method(s) your broker, bank, or other nominee makes available; or

- **In person:** To do so, you must request a legal proxy from your broker, bank, or other nominee and present it at the Annual Meeting.

**Not all street name holders may be able to vote at the web address and phone number provided above.*

If your shares are held in street name, please check the voting instruction form or Notice provided to you by your broker, bank, or other nominee for internet or telephone voting availability. If internet and/or telephone voting are available to a street name holder, such facilities will close at 11:59 p.m. Eastern Time on July 24, 2025. To vote online or via telephone, you will need your unique control number. You can find the control number on your voting instruction form or Notice. Be sure to have your voting instruction form or your Notice in hand and follow the instructions.

What if I return a proxy card or otherwise submit a proxy but do not make specific choices?

All shares held by recordholders entitled to vote, represented by a properly executed and unrevoked proxy received in time for the Annual Meeting, will be voted in accordance with the instructions given. In the absence of such instructions, shares will be voted as recommended by the Board. The persons named as proxies will also be authorized to vote in their discretion upon such other matters as may properly come before the Annual Meeting or any adjournment or postponement thereof. If any nominee for director is unable to serve, which is not now contemplated, the proxies will be voted for such substitute nominee(s) as the Board recommends.

What are “broker non-votes”?

Banks, brokers, and other agents acting as nominees are permitted to use discretionary voting authority to vote for proposals that are deemed “routine” by the New York Stock Exchange, which means that they can submit a proxy or cast a ballot on behalf of stockholders who do not provide a specific voting instruction. Brokers, banks, or other nominees are not permitted to use discretionary voting authority to vote for proposals that are deemed “non-routine” by the New York Stock Exchange. Under the rules and interpretations of the New York Stock Exchange, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation, and certain corporate governance proposals, even if management supported. We believe that Proposals 2, 3 and 5 will be treated by the New York Stock Exchange as routine matters and Proposals 1, 4 and 6 will be treated by the New York Stock Exchange as non-routine matters. The determination of which proposals are deemed “routine” versus “non-routine” may not be made by the New York Stock Exchange until after the date on which this Proxy Statement has been distributed. As such, it is important that you provide voting instructions to your broker, bank, or other nominee as to how to vote your shares, if you wish to ensure that your shares are present and voted at the Annual Meeting on all matters and if you wish to direct the voting of your shares on “routine” matters.

When there is at least one “routine” matter to be considered at a meeting, a “broker non-vote” occurs when a proposal is deemed “non-routine” and a nominee holding shares for a beneficial owner does not have discretionary voting authority with respect to the “non-routine” matter being considered and has not received instructions from the beneficial owner.

What constitutes a quorum?

A quorum for the transaction of business at the Annual Meeting requires representation, in person or by proxy, of the holders of thirty-four percent (34%) of the outstanding shares of stock of the Corporation entitled to vote at the meeting, present in person or represented by proxy. Abstentions and broker non-votes will be counted as shares that are present for purposes of determining the presence of a quorum for the transaction of business at the Annual Meeting.

What is the voting requirement to approve each of the proposals?

Proposal No. 1: Election of Directors	Each nominee must receive a majority of the votes cast at the Annual Meeting in favor of the nominee’s election in order for the nominee to be elected to the Board. Proposal No. 2: Ratification of Appointment of Independent Registered Public Accounting Firm	The affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the matter is required.	“FOR” “AGAINST” “ABSTAIN”	Counts as a vote “AGAINST” this proposal. How does the Board recommend that I vote?

The Board recommends that you vote your shares:

- “FOR” the seven director nominees for election to the Board (Proposal No. 1);

Who will count the vote?

One or more inspectors of election at the Annual Meeting will tabulate and certify the votes.

What does it mean if I receive more than one set of Proxy Materials?

It means that your shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, please submit your proxy for each set of Proxy Materials via the internet, telephone or by signing, dating, and returning the enclosed proxy card in the enclosed envelope.

May I change my vote or revoke my proxy?

Yes. Whether you have voted by internet, telephone or mail, if you are a stockholder of record, you may change your vote and revoke your proxy by:

- sending a written statement to that effect to the attention of the Company’s Secretary at the Company’s principal office at 3300 Nacogdoches Road, Suite 216, San Antonio, Texas 78217, provided such statement is received no later than 11:59 p.m. Eastern Time on July 24, 2025;
- voting again by internet or telephone at a later time before the closing of those voting facilities at 11:59 p.m. Eastern Time on July 24, 2025;
- submitting a properly signed proxy card to the attention of the Company’s Secretary at the Company’s principal office at 3300 Nacogdoches Road, Suite 216, San Antonio, Texas 78217, with a later date that is received no later than 11:59 p.m. Eastern Time on July 24, 2025; or
- attending and voting at the Annual Meeting on July 25, 2025.

Your last vote is the one that is counted. Your attendance at the Annual Meeting by itself will not revoke your proxy unless you give written notice of revocation to the Company before your proxy is voted or you vote at the Annual Meeting.

If you hold shares in street name, please refer to information from your bank, broker, or other intermediary on how to revoke or submit new voting instructions.

Who will pay for the cost of this proxy solicitation?

The Company will pay for the cost of soliciting proxies. Some of the Company’s directors, officers, or employees may (for no additional compensation) solicit proxies in person or by telephone, email, or facsimile transmission. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed for their reasonable expenses.

THE BOARD OF DIRECTORS AND CERTAIN CORPORATE GOVERNANCE MATTERS

The Company is committed to implementing sound corporate governance practices, adhering to a robust corporate ethics policy, and equipping the Board and executive team with the tools and training necessary to manage the Company for the long-term benefit of the Company’s stockholders and the Company’s long-term sustainability. The Board has implemented a number of enhancements to the Company’s corporate governance practices, including adopting a majority vote standard for director elections.

Director Independence

The Company’s Common Stock is listed on the Nasdaq Capital Market (“*Nasdaq*”). The Nasdaq Stock Market LLC Rules (the “*Nasdaq Rules*”) require that a majority of the Board be “independent directors,” as defined in Nasdaq Rule 5605(a)(2). The Nasdaq listing standards subject members of the Company’s Audit Committee and Compensation Committee to additional independence requirements. The Board has affirmatively determined that each of the Company’s non-employee directors, which include Messrs. Robert Anderson, Stuart Diamond, Peter Knight, and Gary Rubin, and Ms. Jamie Platt are independent directors under the Nasdaq Rules and listing standards, including with respect to each director’s committee service. Stuart Diamond has advised us that he will not stand for re-election at the Annual Meeting but will continue as a director until the expiration of his current term at the Annual Meeting. Therefore, Mr. Diamond’s term will expire at the Annual Meeting. Upon the recommendation of the Nominating and Corporate Governance Committee, our Board has reduced the size of the Board to seven directors at the Annual Meeting.

Leadership Structure

Maria Zannes has served as the Company’s President and Chief Executive Officer (“*CEO*”) since the Company’s inception in March 2014. Steven Girgenti has served as the Company’s Executive Chairman since November 2014. In addition to the roles of the President, CEO, and Executive Chairman, the Company’s By-laws require the Board to elect or appoint a Chief Financial Officer, a Treasurer, and a Secretary, who collectively serve as the officers of the Company. Any two or more offices may be held by the same person.

The Board does not have a policy regarding whether the roles of the Executive Chairman and CEO should be separate or combined. The Board believes that it should retain flexibility in deciding from time-to-time which leadership structure is in the best interests of the Company and its stockholders. At this time, the Board believes that separating the Executive Chairman and CEO roles best serves the needs of the Company’s business, enabling the Company to benefit from Mr. Girgenti’s extensive experience in

healthcare marketing strategies, financing, and business diversification through merger and acquisition opportunities along with his skill in building emerging growth companies into multi-national corporations, while leveraging Ms. Zannes' legal and regulatory background, experience in project management and team leadership, long-standing relationships with the team of award-winning scientists and business leaders that she has built to advance the Company's objectives, and passion for defining and advancing the Company's strategic goals.

Communications with the Board of Directors

Stockholders may communicate directly with the Board. All communications should be in writing and directed to the Company Secretary, Timothy P. Zannes, at bioAffinity Technologies, Inc., 3300 Nacogdoches Road, Suite 216, San Antonio, Texas 78217, and should prominently indicate on the outside of the envelope that it is intended for the Board. The Company Secretary has the authority to disregard any inappropriate communications or to take other appropriate actions with respect to any such inappropriate communications. If deemed appropriate, the Company Secretary will forward correspondence to the Chairman of the Board or any specific director or Committee to whom the correspondence is directed.

Board Committees

The Board directs and oversees the management of the Company's business and affairs and has three standing committees, consisting of the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. Each committee operates under a Board-approved charter, a copy of which is available on the Investor Relations section of the Company's website at ir.bioaffinitytech.com and can be accessed through the "Governance Documents" hyperlink under the "Governance" tab.

Audit Committee

The Audit Committee currently consists of Stuart Diamond (Chairman), Robert Anderson, and Gary Rubin, all of whom have been deemed independent by the Board in accordance with the requirements of Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the "***Exchange Act***"), and applicable Nasdaq Rules. Upon conclusion of the Annual Meeting, the Audit Committee will consist of Peter Knight (Chairman), Gary Rubin and Robert Anderson. The Board has also determined that Peter Knight and Gary Rubin are "Audit Committee financial experts" as defined in Item 407(d)(5)(ii) of Regulation S-K. All current and proposed members of the Audit Committee are financially literate, as determined by the Board, and can read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cash flow statement.

The responsibilities and duties of the Audit Committee are set forth in its charter and include assisting the Board in overseeing the following:

- selecting, retaining, compensating, overseeing, and determining the retention of an independent registered public accounting firm to audit the Company's annual financial statements, books, records, accounts, and internal controls over financial reporting and any other registered public accounting firm engaged to prepare or issue an audit report or to perform other audit, review, or attest services for the Company;
- reviewing and discussing the results of a report prepared by the Company's independent auditors concerning the accounting firm's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, peer review, or review by the Public Company Accounting Oversight Board (the "***PCAOB***"), and all relationships between the firm and the Company or any of its subsidiaries;
- reviewing and discussing with the Company's independent auditors the responsibilities of the auditors under generally accepted auditing standards; any significant risks identified during the auditors' risk-assessment procedures; the scope, timing, and results of the Company's annual audit; and all critical accounting policies and practices to be used in the audit;
- reviewing, approving, and overseeing any transaction between the Company and any related person (as defined in Item 404 of Regulation S-K) on an ongoing basis; informing the Company's independent auditors of the Company's significant relationships and related-party transactions; and reviewing and discussing with the Company's independent auditors the auditors' evaluation of the Company's identification of, accounting for, and disclosure of its related-party relationships and transactions;
- recommending to the Board that the audited financial statements be included in the Company's annual report on Form 10-K and producing the Audit Committee Report required to be included in this Proxy Statement;
- establishing the Company's hiring policies for employees or former employees of the Company's independent auditors that participated in any capacity in any Company audit;
- monitoring the Company's compliance with, investigating any alleged breach of, and enforcing the Company's Code of Business Conduct and Ethics;
- reviewing and discussing the Company's policies regarding information technology security and protection from cyber risks;
- reviewing with the Company's general counsel and outside legal counsel any legal and regulatory matters that could impact the Company's financial statements; and
- reporting regularly to the Board on the Audit Committee's discussion and actions, including any significant issues or concerns that arise at the Audit Committee meetings.

For additional information on the Audit Committee's role and its oversight of the independent auditor during 2025, see "Report of the Audit Committee."

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of Gary Rubin (Chairman), Peter Knight, and Robert Anderson, each of whom has been deemed independent by the Board in accordance with the applicable Nasdaq Rules. The Nominating and Corporate Governance Committee is primarily responsible for identifying qualified candidates for nomination to the Board and for developing and maintaining the Company's corporate governance policies.

The responsibilities and duties of the Nominating and Corporate Governance Committee are set forth in its charter and include the following:

- identifying and screening individuals qualified to become members of the Board, consistent with Board-approved criteria;
- making recommendations to the Board concerning the selection and approval of director-nominees to be submitted to a stockholder vote at the Annual Meeting, subject to the Board's approval;
- developing and recommending for the Board's approval standards for assessing whether a director has a relationship with the Company that would impair director independence; and

- reporting regularly to the Board regarding the Nominating and Corporate Governance Committee’s actions and making recommendations to the Board as appropriate.

For more information concerning the Nominating and Corporate Governance Committee’s process of making director nominations and the current director nominees, see Proposal No. 1.

Compensation Committee

The Compensation Committee currently consists of Peter Knight (Chairman), Stuart Diamond, and Jamie Platt, but upon conclusion of the Annual Meeting the Compensation Committee will consist of Peter Knight (Chairman) and Jamie Platt. The Board has determined that each current and proposed Compensation Committee member is independent according to the applicable Nasdaq Rules and the Company’s independence guidelines.

The responsibilities and duties of the Compensation Committee are set forth in its charter and include the following:

- reviewing and approving annually the corporate goals and objectives applicable to the CEO’s compensation, evaluating the CEO’s performance in light of those goals and objectives, and determining and approving the CEO’s compensation level based on the Compensation Committee’s evaluation;
- reviewing and approving the compensation of all of the Company’s other executive officers;
- assessing, making recommendations to the Board regarding, and administering the Company’s incentive-compensation plans and equity-based plans, including designating the recipients, amounts, and terms and conditions applicable to the awards to be granted under each plan;
- reviewing and discussing at least annually the relationship between compensation and risk-management policies and practices;
- reviewing at least annually all director compensation and benefits for service on the Board and Board committees and recommending any changes to the Board as necessary; and
- reporting regularly to the Board regarding the Compensation Committee’s actions and making recommendations to the Board as appropriate.

Attendance at Board Meetings

During 2024, the Board held four meetings, the Audit Committee held four meetings, the Compensation Committee held one meeting, and the Nominating and Corporate Governance Committee held one meeting. During 2024, each current member of the Board of Directors attended at least 75% of the total number of Board meetings and, to the extent applicable, of the total number of meetings held by all Board committees on which such director served. The Board also took action on a number of occasions as needed without a physical meeting in the form of unanimous written consents.

Annual Meeting Attendance

Although the Company does not have a formal policy regarding director attendance at annual stockholder meetings, directors are encouraged to attend annual stockholder meetings. Three of our directors at that time attended the 2024 annual meeting of stockholders.

Code of Ethics and Business Conduct

The Company has adopted a Code of Ethics and Business Conduct (“**Code of Ethics**”) applicable to all of the Company’s directors, officers, and employees. If we amend or grant any waiver of a provision of our Code of Ethics that applies to our directors or executive officers, we will publicly disclose such amendment or waiver on our website and as required by applicable law. A copy of the Code of Ethics is available on the Investor Relations section of the Company’s website at ir.bioaffinitytech.com and can be accessed through the “Governance Documents” hyperlink under the “Governance” tab. The information on the website is not and should not be considered part of this Proxy Statement and is not incorporated by reference in this Proxy Statement.

Insider Trading Policy

The Company has adopted an amended and restated insider trading policy (the “**Trading Policy**”) that is designed to promote compliance with federal securities laws, rules, and regulations, as well as the rules and regulations of the Nasdaq Stock Market. The Trading Policy provides our standards on trading and causing the trading of our securities while in possession of confidential information. It prohibits trading in certain circumstances and applies to us and all of our directors, officers, and employees who have access to material nonpublic information (“**MNPI**”) about the Company and from giving MNPI to others who may trade on the basis of such information. Under the policy, Timothy Zannes, the Company’s Executive Vice President, Secretary, and General Counsel, is designated as the Company’s Insider Trading Compliance Officer (the “**Compliance Officer**”). Prior to engaging in transfers of Company securities intended to comply with the affirmative defense provided under Rule 10b5-1 promulgated under the Exchange Act, employees, officers, and directors must receive the Compliance Officer’s approval. The Trading Policy is annexed as an exhibit to our Annual Report on Form 10-K for the year ended December 31, 2024.

Prohibition against Short Sales and Hedging

Pursuant to our Insider Trading Policy, we prohibit our employees, officers, and directors from trading in any interest or position relating to the future price of Company securities, such as a put, call, or short sale (including a short sale “against the box”).

Role of the Board in Risk Oversight

One of the key functions of the Board is informed oversight of the Company’s risk management process. The Board does not have a standing risk management committee but rather administers its oversight function directly through the Board as a whole and through its standing committees that address risks inherent in their respective oversight areas. In particular, the Board is responsible for monitoring and assessing strategic risk exposure. The Audit Committee has the responsibility to consider and discuss (i) the Company’s major financial risk exposures and the steps management has taken to monitor and control these exposures, which includes establishing guidelines and policies to govern the process by which risk assessment and management is undertaken and (ii) policies regarding information technology security and protection from cyber risks. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of the Company’s external audit function.

The Nominating and Corporate Governance Committee monitors the effectiveness of the Company’s corporate governance guidelines. The Compensation Committee assesses and monitors whether any of the Company’s compensation policies and programs has the potential to encourage excessive risk-taking. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the full Board is regularly informed of such risks through committee reports and otherwise. While the Board oversees the Company’s overall risk management, the day-to-day management processes are executed by the Company’s management team. The Company believes that

division of responsibilities enables the Company to address risks most effectively.

Role of the Board in Human Capital Oversight

The Company places significant emphasis on the recruitment, development, and retention of its employees who include award-winning scientists dedicated to advancing scientific discovery from bench to bedside. We employ 62 employees at the time of this filing, 25 employed by bioAffinity Technologies and 37 employed by our subsidiary laboratory, Precision Pathology Laboratory Services (“*PPLS*”). Of our seven employees engaged in research and development, all of whom are employed full-time, three hold Ph.Ds. in biology or medicinal chemistry.

Our Chief Science Officer, William Bauta, Ph.D., was the Associate Director of Science at Genzyme Corporation and held a similar position at Ilex Products, Inc., where he was responsible for the discovery, development, and FDA approval of therapeutics in the companies’ pipelines, and Manager of Medicinal and Process Chemistry at Southwest Research Institute. Our Chief Medical Officer, Gordon Downie, M.D., Ph.D., is an interventional pulmonologist who most recently served as Director of the Lung Nodule Clinic and Interventional Pulmonology at Titus Regional Medical Center in Texas. He has led FDA-approved research programs, and served in national leadership roles with the American College of Chest Physicians. Business development is led by our Chief Operating Officer, Xavier Reveles, who has 25 years of experience as a clinical geneticist skilled in the creation and management of CLIA clinical laboratories, coding, and CPT reimbursement valuations. Mr. Reveles is board certified by the American Society of Clinical Pathology as a clinical specialist in cytogenetics who has successfully launched multiple diagnostics and commercial laboratories. We have attracted experienced salespeople with a proven record in the pulmonary field. In November 2023, we hired our Vice President of Sales who has more than 15 years of experience in medical sales and marketing, most recently as Executive Account Manager for the respiratory portfolio of Olympus America’s therapeutic solutions division. Our innovative and collaborative culture is in part responsible for our ability to attract and retain highly skilled professionals seeking professional advancement. Outside partnerships and collaborations that advance business and scientific research are encouraged, allowing us to multiply workforce efforts without expending significant capital.

The Board, led by the Compensation Committee, oversees employee compensation and incentivization programs. The Company’s compensation systems reflect the Company’s emphasis on retention and development. The Board also oversees the Company’s efforts to provide pay, benefits, and services that help meet the varying needs of its employees. Compensation and benefits include market-competitive pay, retirement programs, broad-based bonuses, stock options, health and welfare benefits, financial counseling, paid time off, and family leave.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Board Composition and Election

The Company’s By-laws require the Board to consist of at least five but not more than eight directors. Currently, the Board consists of eight directors. Stuart Diamond has advised us that he will not stand for re-election at the Annual Meeting but will continue as a director until the expiration of his current term at the Annual Meeting. Upon the recommendation of the Nominating and Corporate Governance Committee, our Board has determined to reduce the size of the Board to seven directors as of the Annual Meeting. Each of the Company’s current directors other than Stuart Diamond is being nominated for re-election to the Board. The Board, by resolution, has set at seven the number of persons to be elected to the Board at the Annual Meeting.

Directors are elected annually and hold office until their respective successors are duly elected and qualified. Each director nominee currently serves as a director of the Company. Proxies solicited by the Board will, unless otherwise directed, be voted to elect the seven nominees named below to constitute the entire Board. All nominees have consented to be named and have indicated their intent to serve if elected. In the event any of the nominees shall be unable or unwilling to serve as a director, the persons named in the proxy intend to vote “FOR” the election of any person as may be nominated by the Board in substitution. The Company has no reason to believe that any of the nominees named below will be unable to serve as a director if elected.

Board Nominations

The Board has established a Nominating and Corporate Governance Committee that operates pursuant to a charter adopted by the Board.

The Nominating and Corporate Governance Committee Charter sets forth criteria that the Committee may consider, among other criteria deemed appropriate by the committee, in recommending candidates for election to the Board. The Board has no formal policy regarding diversity, but diversity is considered when evaluating nominees because the Board believes that gender and minority representation is a key component in attaining the diverse array of viewpoints sought by the Board among its members. The Company also does not have formal stock ownership guidelines for directors, but ownership of the Company’s Common Stock by directors is encouraged and, in part, facilitated by grants of stock options and restricted stock awards to directors as described below under “Executive and Director Compensation – Director Compensation.”

Directors are not restricted to term limits, but the Board considers each director’s tenure, level of involvement on the Board, and other attributes and qualities to determine whether to approve a director as a nominee for re-election.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders if provided with the following: (i) the written consent of the candidate(s) for nomination as a director and verification as to the accuracy of the biographical and other information submitted in support of the candidate; (ii) a resume or other written statement of the qualifications of the candidate(s) for nomination as a director; and (iii) all information regarding the candidate(s) and the submitting stockholder that would be required to be disclosed in a proxy statement filed with the SEC if the candidate(s) were nominated for election to the Board. Any recommendations received from stockholders will be evaluated in the same manner that other potential nominees are evaluated. Any stockholder that wishes to present a director candidate for consideration should submit the information identified above pursuant to the procedures set forth above under “Communications with the Board of Directors.” With respect to the timing of stockholder nominations for the 2026 annual meeting of stockholders (the “*2026 Annual Meeting*”), please see the discussion set forth below under “Stockholder Proposals For 2026 Annual Meeting.” The Company received no nominations of board candidates from any stockholders for this year’s Annual Meeting.

The business experience, qualifications, attributes, and skills that led the Nominating and Corporate Governance Committee to nominate each director nominee are provided below.

Director Qualifications and Experience

In determining which director nominees to nominate for election to the Board, the Board considered an array of factors related to each nominee's primary experience, qualifications, attributes, and skills. Among such factors, the Board evaluated each nominee's professional standing in the nominee's chosen field, experience in financial services or related industries, experience reviewing financial statements and financial matters, civic and community involvement, qualification for director independence, leadership and team building skills, diversity by race, gender, or culture, degree of collegiality and insightfulness, and stock ownership in the Company.

Director Biographical Information

The biographical information of each director nominee is included in this Proxy Statement under "Directors, Executive Officers, and Corporate Governance – Biographical Information."

Vote Required

If a quorum exists, the nominees for director receiving a majority of the votes cast (i.e., the number of shares voted "for" a director nominee exceeds the number of votes cast "against" that nominee), will be elected as directors. Abstentions and broker non-votes are not votes cast and will have no effect on the outcome of this vote.

THE BOARD RECOMMENDS A VOTE "FOR" EACH OF THE NAMED DIRECTOR NOMINEES TO BE ELECTED TO THE BOARD OF DIRECTORS.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appoints and determines whether to re-engage the Company's independent registered public accounting firm based on its qualifications, performance, and independence. When evaluating the Company's independent registered public accounting firm, the Audit Committee considers the quality, proficiency, and cost-effectiveness of the firm's services, the industry knowledge, experience in auditing public company financials, performance, and responsiveness of the lead audit partner and the audit team assigned to the Company's account, and the firm's overall reputation and knowledge of the Company's operations.

Our independent registered public accounting firm for the 2024 fiscal year was the firm of WithumSmith+Brown, PC (*Withum*). After considering the factors listed above, among others, the Audit Committee has re-appointed Withum to serve as the Company's independent registered public accounting firm for the 2025 fiscal year. Representatives of Withum are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The ratification of the appointment of the Company's independent auditor is not a matter that is required to be submitted to a vote of stockholders, but as a matter of good corporate governance, the Board considers it appropriate for the stockholders to express whether they ratify the appointment. If stockholder ratification is not obtained, the Board would consider an alternative appointment for the succeeding fiscal year.

Vote Required

The ratification of the appointment of WithumSmith+Brown, PC as the Company's independent registered public accounting firm requires the affirmative vote of a majority of the shares present and entitled to vote thereon. Abstentions will have the same effect as a vote AGAINST this proposal. Broker non-votes are not expected for this proposal because we believe this matter is a routine matter. If there were to be any broker non-votes they would have no effect on this proposal.

THE BOARD RECOMMENDS A VOTE "FOR" RATIFYING THE APPOINTMENT OF WITHUMSMITH+BROWN, PC AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2025.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANT FEE INFORMATION

The table below shows the aggregate fees for professional services rendered by Withum to us for the years ended December 31, 2024 and 2023:

	For the Year Ended December 31,	
	2024	2023
Audit Fees ⁽¹⁾	\$ 293,940	\$ 346,760
Audit-Related Fees ⁽²⁾	35,360	63,440
Tax Fees	—	—
All Other Fees ⁽³⁾	—	—
Total Fees	<u>\$ 329,300</u>	<u>\$ 410,200</u>

- (1) “Audit Fees” consist of fees billed for professional services rendered in connection with the audit of the Company’s consolidated financial statements, review of interim condensed consolidated financial statements included in the Company’s quarterly reports, reviews of registration statements and prospectuses, and services normally provided in connection with statutory and regulatory filings or engagements.
- (2) “Audit-Related Fees” consist of fees generally related to accounting advice, and comfort letter and consent services performed in connection with the Company’s equity offerings.
- (3) “All Other Fees” consist of fees for all other services other than those reported above.

PRE-APPROVAL POLICIES AND PROCEDURES OF THE AUDIT COMMITTEE

The charter of the Audit Committee requires the Audit Committee to pre-approve all audit and permitted non-audit and tax services that may be provided by the Company’s independent registered public accounting firm and to establish policies and procedures for the Audit Committee’s pre-approval of permitted services by the Company’s independent registered public accounting firm on an ongoing basis. The Audit Committee is also authorized to delegate any of its responsibilities and the authority to act in relation to such responsibilities to one or more subcommittees as the Audit Committee deems appropriate in its sole discretion.

The Audit Committee pre-approves all audit and permissible non-audit services performed by the Company’s independent registered public accounting firm in order to assure that the provision of such services and related fees do not impair the independent registered public accounting firm’s independence. The independent registered public accounting firm must provide the Audit Committee with an engagement letter outlining the scope of the audit services proposed to be performed during the applicable calendar year and the proposed fees for such audit services. If agreed to by the Audit Committee, the engagement letter will be formally accepted by the Audit Committee as evidenced by the execution of the engagement letter by the chairperson of the Audit Committee. The Audit Committee approves, if necessary, any changes in terms, conditions, and fees resulting from changes in audit scope, Company structure, or other matters. The Audit Committee may grant pre-approval for those permissible non-audit services that it believes are services that would not impair the independence of the independent registered public accounting firm. The Audit Committee may not grant approval for any services categorized as “Prohibited Non-Audit Services” by the SEC. Certain non-audit services have been pre-approved by the Audit Committee, and all other non-audit services must be separately approved by the Audit Committee.

All of Withum’s services and fees in fiscal years 2024 and 2023 were pre-approved by the Audit Committee in accordance with its pre-approval policy.

AUDIT COMMITTEE REPORT

The Audit Committee is responsible for providing objective and independent oversight of the Company’s accounting functions and internal controls and is primarily responsible for overseeing the Company’s financial reporting and disclosure process. A brief description of the Audit Committee’s principal functions is provided in this Proxy Statement under the discussion of “Board Committees – *Audit Committee*.”

Under the Audit Committee’s Board-approved charter, the tasks of the Audit Committee include but are not limited to: (i) selecting and retaining the Company’s independent registered public accounting firm to act as the Company’s independent auditor; (ii) approving all audit engagement fees and terms; (iii) pre-approving all audit and permitted non-audit and tax services that may be provided by the Company’s independent auditor or other registered public accounting firms; (iv) evaluating the qualifications, performance, and independence of the Company’s independent auditor; (v) reviewing and discussing with the Company’s independent auditor all critical accounting policies and practices to be used in the Company’s audit; (vi) reviewing the internal quality control procedures of the Company’s independent auditor and any material issues raised by the most recent internal quality control review, peer review, or Public Company Accounting Oversight Board (“*PCAOB*”) review or inspection of the firm; (vii) reviewing all related-party transactions; and (viii) monitoring the Company’s compliance with all legal and regulatory requirements. A copy of the charter of the Audit Committee is available on the Investor Relations section of the Company’s website at ir.bioaffinitytech.com and can be accessed through the “Governance Documents” hyperlink under the “Governance” tab.

The Audit Committee has reviewed and discussed the Company’s audited financial statements for the fiscal year ended December 31, 2024, with the Company’s management. The Audit Committee has discussed with the Company’s independent registered public accounting firm, WithumSmith+Brown, PC, the matters required to be discussed by the applicable requirements of the PCAOB and the SEC. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable PCAOB requirements regarding the independent accountants’ communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm its independence.

Based on the review and discussions with management and the Company’s independent auditor referenced above, the Audit Committee has recommended to the Board that the audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2024, filed with the SEC.

This report by the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference and shall not otherwise be deemed filed under such acts.

Submitted by the Audit Committee of the Board of Directors:

Mr. Stuart Diamond (Chairman)
Mr. Gary Rubin
Mr. Robert Anderson

PROPOSAL NO. 3

APPROVAL OF THE REVERSE STOCK SPLIT

The Board of Directors has adopted a resolution setting forth a proposed amendment to our Certificate of Incorporation to effect a reverse stock split of the issued and outstanding shares of Common Stock, a copy of which is set forth in the certificate of amendment attached to this Proxy Statement as Appendix A, declared such amendment advisable, and is recommending that our stockholders approve such proposed amendment. Such amendment will be effected after stockholder approval thereof only in the event the Board still deems it advisable. Holders of our Common Stock are being asked to approve the proposal that Section 4 of our Certificate of Incorporation be amended to effect a reverse stock split of the Common Stock at a ratio in the range of one (1) share of Common Stock for every two (2) shares of Common Stock to one (1) share of Common Stock for every one hundred (100) shares of Common Stock. If the Reverse Stock Split is approved by our stockholders and if a certificate of amendment is filed with the Secretary of State of the State of Delaware, the certificate of amendment to our Certificate of Incorporation will affect the Reverse Stock Split by reducing the outstanding number of shares of Common Stock. If the Board of Directors does not implement an approved Reverse Stock Split prior to the one-year anniversary of this meeting, this vote

will be of no further force and effect, and the Board will again seek stockholder approval before implementing any reverse stock split after that time. The Board of Directors may abandon the proposed amendment to effect the Reverse Stock Split at any time prior to its effectiveness, whether before or after stockholder approval thereof.

As of the Record Date, the Company had [] shares of Common Stock outstanding. For purposes of illustration, if the Reverse Stock Split is effected at a ratio of 1-for-10, the number of issued and outstanding shares of Common Stock after the Reverse Stock Split would be approximately [] shares. The Board of Directors' decision as to whether and when to effect the Reverse Stock Split will be based on a number of factors, including market conditions, existing and expected trading prices for the Common Stock, and the continued listing requirements of the Nasdaq Capital Market. See below for a discussion of the factors that the Board considered in determining the Range, some of which included, but was not limited to, the following: the historical trading price and trading volume of the Common Stock; the expected impact of the Reverse Stock Split on the trading market for the Common Stock in the short-term and long-term, and general market, economic conditions, and other related conditions prevailing in our industry.

The Reverse Stock Split, if effected, will not change the number of authorized shares of Common Stock or Preferred Stock, or the par value of Common Stock or Preferred Stock; however, effecting the Reverse Stock Split will provide for additional shares of authorized but unissued shares of Common Stock. As of the date of this Proxy Statement, our current authorized number of shares of Common Stock is sufficient to satisfy all of our share issuance obligations and current share plans, and we do not have any current plans, arrangements, or understandings relating to the issuance of the additional shares of authorized Common Stock that will become available for issuance following the Reverse Stock Split.

Purpose and Background of the Reverse Stock Split

The Board's primary objective in asking for authority to effect a reverse split is to increase the per-share trading price of our Common Stock. If our Board does not implement the Reverse Stock Split prior to the one-year anniversary of the date on which the Reverse Stock Split is approved by our stockholders at the Annual Meeting, the authority granted in this proposal to implement the Reverse Stock Split will terminate and the Reverse Stock Split will be abandoned.

As background, we received notice February 7, 2025, from Nasdaq notifying us of our noncompliance with Nasdaq Listing Rule 5550(a)(2) by failing to maintain a minimum bid price for our Common Stock on Nasdaq of at least \$1.00 per share for 30 consecutive business days (the "**Minimum Bid Price Requirement**"). The notice has no immediate effect on the listing or trading of the Company's Common Stock, and the Common Stock will continue to trade on The Nasdaq Capital Market under the symbol "BIAF." In accordance with Nasdaq Listing Rule 5810(c)(3)(A), the Company has a compliance period of 180 calendar days, or until August 6, 2025, to regain compliance with Nasdaq Listing Rule 5550(a)(2). Compliance may be achieved without further action if the closing bid price of the Company's Common Stock is at or above \$1.00 for a minimum of ten consecutive business days at any time during the 180-day compliance period, in which case Nasdaq will notify the Company if it determines it is in compliance and the matter will be closed; however, Nasdaq may require the closing bid price to equal or to exceed the \$1.00 minimum bid price requirement for more than 10 consecutive business days before determining that a company complies.

If, however, the Company does not achieve compliance with the Minimum Bid Price Requirement by August 6, 2025, the Company may be eligible for additional time to comply. In order to be eligible for such additional time, the Company will be required to meet the continued listing requirement for market value of publicly held shares and all other initial listing standards for The Nasdaq Capital Market, with the exception of the Minimum Bid Price Requirement, and must notify Nasdaq in writing of its intention to cure the deficiency during the second compliance period. Accordingly, we are hereby asking our stockholders to approve a reverse split to, among other things, give us the option to seek to regain compliance with the Minimum Bid Price Requirement.

The Board of Directors believes that the failure of stockholders to approve the Reverse Stock Split Proposal could prevent us from maintaining compliance with the Minimum Bid Price Requirement and could inhibit our ability to conduct capital raising activities, among other things. If Nasdaq delists the Common Stock, then the Common Stock would likely become traded on an over-the-counter market such as those maintained by OTC Markets Group Inc., which do not have the substantial corporate governance or quantitative listing requirements for continued trading that Nasdaq has. In that event, interest in the Common Stock may decline, and certain institutions may not have the ability to trade in the Common Stock, all of which could have a material adverse effect on the liquidity or trading volume of the Common Stock. If the Common Stock becomes significantly less liquid due to delisting from Nasdaq, our stockholders may not have the ability to liquidate their investments in the Common Stock as and when desired, and we believe our ability to maintain analyst coverage, attract investor interest, and access capital may become significantly diminished as a result.

If the stockholders approve the Reverse Stock Split Proposal and the Board decides to implement the Reverse Stock Split, we will file a certificate of amendment to amend the existing provision of our Certificate of Incorporation to effect the Reverse Stock Split. The text of the form of proposed amendment is set forth in the certificate of amendment to the Certificate of Incorporation, which is attached to this Proxy Statement as [Appendix A](#).

The Reverse Stock Split will be effected simultaneously for all issued and outstanding shares of Common Stock, and the Reverse Stock Split Ratio will be the same for all issued and outstanding shares of Common Stock. The Reverse Stock Split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests in our company, except those stockholders who would have otherwise received fractional shares who will receive cash in lieu of such fractional shares determined in the manner set forth below under the heading "Fractional Shares." After the Reverse Stock Split, each share of the Common Stock will have the same voting rights and rights to dividends and distributions and will be identical in all other respects to the Common Stock now authorized. The Reverse Stock Split will not affect us continuing to be subject to the periodic reporting requirements of the Exchange Act. The Reverse Stock Split is not intended to be, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Exchange Act.

The Reverse Stock Split may result in some stockholders owning "odd lots" of less than 100 shares of the Common Stock. Brokerage commissions and other costs of transactions in odd lots are generally higher than the costs of transactions in "round-lots" of even multiples of 100 shares. In addition, we will not issue fractional shares in connection with the Reverse Stock Split, and stockholders who would have otherwise been entitled to receive such fractional shares will receive an amount in cash determined in the manner set forth below under the heading "Fractional Shares."

Following the effectiveness of the Reverse Stock Split, if approved by the stockholders and implemented by the Company, current stockholders will hold fewer shares of Common Stock.

If the Board decides to implement the Reverse Stock Split, the Company would communicate to the public, prior to the effectiveness of the Reverse Stock Split, additional details regarding the Reverse Stock Split (including the final Reverse Stock Split Ratio, as determined by the Board of Directors). By voting in favor of the Reverse Stock Split, you are also expressly authorizing the Board to determine not to proceed with, and to defer or to abandon, the Reverse Stock Split, in the Board of Director's sole discretion. In determining whether to implement the Reverse Stock Split following receipt of stockholder approval of the Reverse Stock Split, and which Reverse Stock Split Ratio to implement, if any, the Board may consider, among other things, various factors, such as:

- our ability to maintain our listing on the Nasdaq Capital Market;
- the historical trading price and trading volume of the Common Stock;
- the then-prevailing trading price and trading volume of the Common Stock and the expected impact of the Reverse Stock Split on the trading market for the Common Stock in the short and long term;
- which Reverse Stock Split Ratio would result in the greatest overall reduction in our administrative costs; and
- prevailing general market and economic conditions.

Reasons for the Reverse Stock Split

To increase the per share price of our Common Stock. As discussed above, the primary objective for effecting the Reverse Stock Split, should our Board choose to effect one, would be to increase the per share price of our Common Stock and regain compliance with the Nasdaq Minimum Bid Price Requirement. Our Board believes that, should the appropriate circumstances arise, effecting the Reverse Stock Split, could, among other things, help us to appeal to a broader range of investors, generate greater investor interest in the Company, and improve the perception of our Common Stock as an investment security. Our Common Stock is listed on the Nasdaq Capital Market, and the failure to comply with the \$1.00 minimum bid price requirement may be cured by effecting the Reverse Stock Split.

17

To potentially improve the liquidity of the Common Stock. A Reverse Stock Split could allow a broader range of institutions to invest in the Common Stock (namely, funds that are prohibited from buying stocks whose price is below certain thresholds), potentially increasing trading volume and liquidity of the Common Stock and potentially decreasing the volatility of the Common Stock if institutions become long-term holders of the Common Stock. A Reverse Stock Split could help increase analyst and broker interest in the Common Stock as their policies can discourage them from following or recommending companies with low stock prices. Because of the trading volatility often associated with low-priced stocks, many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may make the processing of trades in low-priced stocks economically unattractive to brokers. Additionally, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, a low average price per share of Common Stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were higher. Some investors, however, may view a Reverse Stock Split negatively since it reduces the number of shares of Common Stock available in the public market. If the Reverse Stock Split Proposal is approved and the Board believes that effecting the Reverse Stock Split is in our best interest and the best interest of our stockholders, the Board may effect the Reverse Stock Split, regardless of whether our stock is at risk of delisting from Nasdaq Capital Market, for purposes of enhancing the liquidity of the Common Stock and to facilitate capital raising.

To increase the number of additional shares issuable under the Company's charter. A Reverse Stock Split will reduce the nominal number of shares of Common Stock outstanding and the number of shares of Common Stock issuable on exercise of outstanding warrants, while leaving the number of shares issuable under our charter unchanged. A Reverse Stock Split will therefore effectively increase the number of shares of the Common Stock that we are able to issue. This effective increase will facilitate future capital fundraising on our part. Some investors may find the Common Stock more attractive if the Reverse Stock Split is effected with additional assurance that we are unlikely to be limited in our ability to access needed capital by the number of shares of our Common Stock authorized for issuance. However, other investors may find the Common Stock a less attractive investment with the knowledge that additional dilution of the Common Stock is possible.

Potential Anti-takeover Effects of the Reverse Stock Split

SEC Release No. 34-15230 requires disclosure and discussion of the effects of any action, including the proposals discussed herein, that may be used as an anti-takeover mechanism. The relative increase in the number of shares of our Common Stock available for issuance vis-à-vis the outstanding shares of our Common Stock, could, under certain circumstances, have an anti-takeover effect, although this is not the purpose or intent of the Board. It could potentially deter takeovers, including takeovers that the Board has determined are not in the best interest of our stockholders, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover more difficult. For example, we could issue additional shares so as to dilute the stock ownership or voting rights of persons seeking to obtain control without our agreement. Similarly, the issuance of additional shares to certain persons allied with our management could have the effect of making it more difficult to remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. The increase in the number of shares of authorized Common Stock therefore may have the effect of discouraging unsolicited takeover attempts. By potentially discouraging initiation of any such unsolicited takeover attempts, the increase may limit the opportunity for our stockholders to dispose of their shares at the higher price generally available in takeover attempts or that may be available under a merger proposal.

Certain Risks Associated with a Reverse Stock Split

Reducing the number of outstanding shares of the Common Stock through the Reverse Stock Split Proposal is intended, absent other factors, to increase the per share market price of the Common Stock. Other factors, however, such as our financial results, market conditions, the market perception of our business and other risks, including those set forth below and in our SEC filings and reports, may adversely affect the market price of the Common Stock. As a result, there can be no assurance that the Reverse Stock Split, if completed, will result in the intended benefits described above, that the market price of the Common Stock will increase following the Reverse Stock Split, or that the market price of the Common Stock will not decrease in the future.

The Reverse Stock Split May Not Result in a Sustained Increase in the Price of the Common Stock. As noted above, the principal purpose of the Reverse Stock Split Proposal is to maintain a higher average per share market closing price of the Common Stock of at least \$1.00 per share in order to regain compliance with Nasdaq's Minimum Bid Price Requirement. However, the effect of the Reverse Stock Split upon the market price of the Common Stock cannot be predicted with any certainty, and we cannot assure you that the Reverse Stock Split will accomplish this objective for any meaningful period of time, or at all.

The Reverse Stock Split May Decrease the Liquidity of the Common Stock. The Board believes that the Reverse Stock Split may result in an increase in the market price of the Common Stock, which could lead to increased interest in the Common Stock and possibly promote greater liquidity for our stockholders. However, the Reverse Stock Split will also reduce the total number of outstanding shares of Common Stock, which may lead to reduced trading and a smaller number of market makers for the Common Stock.

18

The Reverse Stock Split May Result in Some Stockholders Owning "Odd Lots" That May Be More Difficult to Sell or Require Greater Transaction Costs per Share to Sell If the Reverse Stock Split is implemented, it will increase the number of stockholders who own "odd lots" of less than 100 shares of Common Stock. A purchase or sale of less than 100 shares of Common Stock (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full-service" brokers. Therefore, those stockholders who own less than 100 shares of Common Stock following the Reverse Stock Split may be required to pay higher transaction costs if they sell their Common Stock.

The Reverse Stock Split May Lead to a Decrease in the Overall Market Capitalization of the Company. The Reverse Stock Split may be viewed negatively by the market and, consequently, could lead to a decrease in our overall market capitalization. If the per share market price of the Common Stock does not increase in proportion to the Reverse Stock Split Ratio, then our value, as measured by our market capitalization, will be reduced.

The Reverse Stock Split May Lead to Further Dilution of the Common Stock. Since the Reverse Stock Split Proposal would reduce the number of shares of Common Stock outstanding and the number of shares of Common Stock issuable on exercise of outstanding warrants, while leaving the number of shares authorized and issuable under our Certificate of Incorporation unchanged, the Reverse Stock Split would effectively increase the number of shares of the Common Stock that we would be able to issue and could lead to dilution of the Common Stock in future financings.

Impact of a Reverse Stock Split If Implemented

A Reverse Stock Split would affect all holders of Common Stock uniformly and would not affect any stockholder's percentage ownership interests or proportionate voting

power. The other principal effects of the Reverse Stock Split would be that:

- the number of issued and outstanding shares of Common Stock (and treasury shares), if any, will be reduced proportionately based on the final Reverse Stock Split Ratio, as determined by the Board;
- based on the final Reverse Stock Split Ratio, the per share exercise price of all outstanding warrants will be increased proportionately, and the number of shares of Common Stock issuable upon the exercise of all outstanding warrants will be reduced proportionately; and
- the number of shares reserved for issuance pursuant to any outstanding equity awards and any maximum number of shares with respect to which equity awards may be granted will be reduced proportionately based on the final Reverse Stock Split Ratio.

The following table sets forth the approximate number of shares of the Common Stock that would be outstanding immediately after the Reverse Stock Split based on the current authorized number of shares of Common Stock at various exchange ratios, based on [] shares of Common Stock actually issued and outstanding as of May 29, 2025. The table does not account for fractional shares that will be paid in cash.

	Estimated Number of Shares of Common Stock Before Reverse Stock Split	Estimated Number of Shares of Common Stock After Reverse Stock Split on a 1-for-10 basis	Estimated Number of Shares of Common Stock After Reverse Stock Split on a 1-for-25 basis
Authorized Common Stock as of the Record Date	100,000,000	100,000,000	100,000,000
Shares of Common Stock issued and outstanding			
Shares of Common Stock issuable under outstanding options, warrants or reserved for issuance under existing plans			
Shares of Common Stock authorized but unissued (Authorized Common Stock minus issued and outstanding shares, shares issuable upon outstanding options, warrants and shares reserved for issuance under existing incentive plans)			
Shares of Common Stock authorized but unissued (Authorized Common Stock assuming that the Authorized Increase Proposal is approved and the authorized increase is effected minus issued and outstanding shares, shares issuable upon outstanding options, warrants and shares reserved for issuance under existing incentive plans)			

We are currently authorized to issue a maximum of 100,000,000 shares of our Common Stock. If Proposal 5 is approved and the authorized increase is effected, the authorized number of shares of Common Stock will be increased to 350,000,000. As of the Record Date, there were [] shares of our Common Stock issued and outstanding. Although the number of authorized shares of our Common Stock will not change as a result of the Reverse Stock Split, the number of shares of our Common Stock issued and outstanding will be reduced in proportion to the ratio selected by the Board. Thus, the Reverse Stock Split will effectively increase the number of authorized and unissued shares of our Common Stock available for future issuance by the amount of the reduction effected by the Reverse Stock Split.

Following the Reverse Stock Split, the Board will have the authority, subject to applicable securities laws, to issue all authorized and unissued shares without further stockholder approval, upon such terms and conditions as the Board deems appropriate. Although we consider financing opportunities from time to time, we do not currently have any plans, proposals, or understandings to issue the additional shares that would be available if the Reverse Stock Split is approved and effected, but some of the additional shares underlie warrants which could be exercised after the Reverse Stock Split is effected.

Effects of the Reverse Stock Split

Management does not anticipate that our financial condition, the percentage ownership of Common Stock by management, the number of our stockholders, or any aspect of our business will materially change as a result of the Reverse Stock Split. Because the Reverse Stock Split will apply to all issued and outstanding shares of Common Stock and outstanding rights to purchase Common Stock, the proposed Reverse Stock Split will not alter the relative rights and preferences of existing stockholders, except to the extent the Reverse Stock Split will result in fractional shares, as discussed in more detail below.

The Common Stock is currently registered under Section 12(b) of the Exchange Act, and we are subject to the periodic reporting and other requirements of the Exchange Act. The Reverse Stock Split will not affect the registration of the Common Stock under the Exchange Act or the listing of the Common Stock on Nasdaq Capital Market (other than to the extent it facilitates compliance with Nasdaq Capital Market continued listing standards). Following the Reverse Stock Split, the Common Stock will continue to be listed on the Nasdaq Capital Market, although it will be considered a new listing with a new Committee on Uniform Securities Identification Procedures (“CUSIP”) number.

The rights of the holders of the Common Stock will not be affected by the Reverse Stock Split, other than as a result of the treatment of fractional shares as described below. For example, a holder of 2% of the voting power of the outstanding shares of the Common Stock immediately prior to the effectiveness of the Reverse Stock Split will generally continue to hold 2% of the voting power of the outstanding shares of the Common Stock immediately after effecting the Reverse Stock Split. The number of stockholders of record will not be affected by the Reverse Stock Split (except to the extent any are cashed out as a result of holding fractional shares). If approved and implemented, the Reverse Stock Split may result in some stockholders owning “odd lots” of less than 100 shares of the Common Stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally higher than the costs of transactions in “round lots” of even multiples of 100 shares. The Board believes, however, that these potential effects are outweighed by the benefits of the Reverse Stock Split.

Effectiveness of the Reverse Stock Split. The Reverse Stock Split, if approved by our stockholders, would become effective upon the filing and effectiveness (the *Effective Time*) of an amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware, which would take place at the Board’s discretion. The exact timing of the filing of the Reverse Stock Split Amendment, if filed, would be determined by the Board based on its evaluation as to when such action would be the most advantageous to us and our stockholders. In addition, the Board reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Reverse Stock Split at any time prior to filing the Reverse Stock Split Amendment with the Secretary of State of the State of Delaware, if the Board, in its sole discretion, determines that it is no longer in our best interests or the best interests of our stockholders to proceed with the Reverse Stock Split. If our Board does not implement the Reverse Stock Split prior to the one-year anniversary of the date on which the Reverse Stock Split is approved by our stockholders at the Annual Meeting, the authority granted in this proposal to implement the Reverse Stock Split will terminate and the Reverse Stock Split will be abandoned.

Effect on Par Value; Reduction in Stated Capital. The proposed Reverse Stock Split will not affect the par value of our stock, which will remain at \$0.007 per share of Common Stock and \$0.001 per share of Preferred Stock. As a result, the stated capital on our balance sheet attributable to our Common Stock, which consists of the par value per share of Common Stock multiplied by the aggregate number of shares of Common Stock issued and outstanding, will be reduced in proportion to the Reverse Stock Split Ratio selected by the Board. Correspondingly, our additional paid-in capital account, which consists of the difference between our stated capital and the aggregate amount paid to the Company upon issuance of all currently outstanding shares of the Common Stock, will be increased by the amount by which the stated capital is reduced. Our

stockholders' equity, in the aggregate, will remain unchanged.

Book-Entry Shares. If the Reverse Stock Split is effected, stockholders, either as direct or beneficial owners, will have their holdings electronically adjusted by our transfer agent (and, for beneficial owners, by their brokers or banks that hold in "street name" for their benefit, as the case may be) to give effect to the Reverse Stock Split. Banks, brokers, custodians, or other nominees will be instructed to effect the Reverse Stock Split for their beneficial holders holding Common Stock in street name. However, these banks, brokers, custodians, or other nominees may have different procedures than registered stockholders for processing the Reverse Stock Split and making payment for fractional shares. If a stockholder holds shares of Common Stock with a bank, broker, custodian, or other nominee and has any questions in this regard, stockholders are encouraged to contact their bank, broker, custodian, or other nominee. We do not issue physical certificates to stockholders.

No Appraisal Rights. Under the Delaware General Corporation Law, our stockholders are not entitled to dissenters' rights or appraisal rights with respect to the Reverse Stock Split described in the Reverse Stock Split Proposal, and we will not independently provide our stockholders with any such rights.

Fractional Shares. We do not intend to issue fractional shares in connection with the Reverse Stock Split. In lieu thereof, any person who would otherwise be entitled to a fractional share of Common Stock as a result of the reclassification and combination following the Effective Time (after taking into account all fractional shares of Common Stock otherwise issuable to such holder) shall be entitled to receive a cash payment equal to the number of shares of the Common Stock held by such stockholder before the Reverse Stock Split that would otherwise have been exchanged for such fractional share interest multiplied by the average closing sales price of the Common Stock as reported on the Nasdaq Capital Market for the ten days preceding the Effective Time. After the Reverse Stock Split is effected, a stockholder will have no further interest in our Company with respect to its fractional share interest and persons otherwise entitled to a fractional share will not have any voting, dividend, or other rights with respect thereto, except to receive the above-described cash payment. Stockholders should be aware that under the escheat laws of various jurisdictions, sums due for fractional interests that are not timely claimed after the Effective Time may be required to be paid to the designated agent for each such jurisdiction. Stockholders otherwise entitled to receive such funds who have not received them will have to seek to obtain such funds directly from the jurisdiction to which they were paid.

Material U.S. Federal Income Tax Considerations Related to the Reverse Stock Split

The following is a general summary of the material U.S. federal income tax considerations to U.S. holders (as defined below) of the Reverse Stock Split. This discussion is based upon current provisions of the Internal Revenue Code of 1986, as amended (the "**Code**"), existing and proposed Treasury regulations promulgated under the Code (the "**Treasury Regulations**"), and judicial authority and administrative interpretations, all as of the date of this document, and all of which are subject to change, possibly with retroactive effect, and are subject to differing interpretations. Changes in these authorities may cause the tax consequences to vary substantially from the consequences described below. We have not sought and will not seek an opinion of counsel or any rulings from the Internal Revenue Service (the "**IRS**") with respect to any of the tax considerations discussed below. As a result, there can be no assurance that the IRS will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth below.

This discussion is limited to U.S. holders (except to the extent such discussion explicitly addresses non-U.S. holders) that hold Common Stock as "capital assets" within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address any tax consequences arising under the tax on net investment income or the alternative minimum tax, nor does it address any tax consequences arising under the laws of any state, local or non-U.S. jurisdiction, U.S. federal estate or gift tax laws, or any tax treaties. Furthermore, this discussion does not address all aspects of U.S. federal income taxation that may be applicable to U.S. holders in light of their particular circumstances or to U.S. holders that may be subject to special rules under U.S. federal income tax laws, including, without limitation:

- a bank, insurance company, or other financial institution;
- a tax-exempt or a governmental organization;
- a real estate investment trust;
- an S corporation or other pass-through entity (or an investor in an S corporation or other pass-through entity);
- a regulated investment company or a mutual fund;
- a dealer or broker in stocks and securities or currencies;
- a trader in securities that elects mark-to-market treatment;
- a holder of Common Stock that received such stock through the exercise of an employee option, pursuant to a retirement plan or otherwise as compensation;
- a person who holds Common Stock as part of a straddle, appreciated financial position, synthetic security, hedge, conversion transaction, or other integrated investment or risk reduction transaction;
- a corporation that accumulates earnings to avoid U.S. federal income tax;
- a person whose functional currency is not the U.S. dollar;
- a U.S. holder who holds Common Stock through non-U.S. brokers or other non-U.S. intermediaries;
- a U.S. holder owning or treated as owning 5% or more of the Company's Common Stock;
- a person subject to Section 451(b) of the Code; or
- a former citizen or long-term resident of the United States subject to Section 877 or 877A of the Code.

If a partnership, or any entity (or arrangement) treated as a partnership for U.S. federal income tax purposes, holds Common Stock, the tax treatment of a partner in such partnership generally will depend on the status of the partner and the activities of the partnership and upon certain determinations made at the partner level. Partnerships holding Common Stock and partners in such partnerships should consult their own tax advisors about the U.S. federal income tax consequences of the Reverse Stock Split.

For purposes of this discussion, a "U.S. holder" is a beneficial owner of shares of Common Stock that is for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;

- a corporation (or any other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate, whose income is subject to U.S. federal income tax regardless of its source; or
- a trust (i) the administration of which is subject to the primary supervision of a U.S. court and that has one or more United States persons that have the authority to control all substantial decisions of the trust or (ii) that has made a valid election under applicable Treasury Regulations to be treated as a domestic trust.

A “non-U.S. holder” is, for U.S. federal income tax purposes, a beneficial owner of shares of Common Stock that is not a U.S. holder or a partnership for U.S. federal income tax purposes.

Tax Consequences of the Reverse Stock Split Generally

The Reverse Stock Split should constitute a “recapitalization” for U.S. federal income tax purposes. As a result, a U.S. holder of Common Stock generally should not recognize gain or loss upon the Reverse Stock Split, except with respect to cash received in lieu of a fractional share of Common Stock, as discussed below. A U.S. holder’s aggregate tax basis in the shares of Common Stock received pursuant to the Reverse Stock Split should equal the aggregate tax basis of the shares of Common Stock surrendered (excluding any portion of such basis that is allocated to any fractional share of Common Stock), and such U.S. holder’s holding period in the shares of Common Stock received should include the holding period in the shares of Common Stock surrendered. Treasury regulations provide detailed rules for allocating the tax basis and holding period of the shares of Common Stock surrendered to the shares of Common Stock received in a recapitalization pursuant to the Reverse Stock Split. U.S. holders of shares of Common Stock acquired on different dates and at different prices should consult their tax advisors regarding the allocation of the tax basis and holding period of such shares.

Cash in Lieu of Fractional Shares

A U.S. holder of Common Stock that receives cash in lieu of a fractional share of Common Stock pursuant to the Reverse Stock Split and whose proportionate interest in us is reduced (after taking into account certain constructive ownership rules) should generally recognize capital gain or loss in an amount equal to the difference between the amount of cash received and the U.S. holder’s tax basis in the shares of Common Stock surrendered that is allocated to such fractional share of Common Stock. Such capital gain or loss should be long-term capital gain or loss if the U.S. holder’s holding period for Common Stock surrendered exceeds one year at the effective time of the Reverse Stock Split. The deductibility of capital losses is subject to limitations. A U.S. holder that receives cash in lieu of a fractional share of our Common Stock pursuant to the Reverse Stock Split and whose proportionate interest in us is not reduced (after taking into account certain constructive ownership rules) should generally be treated as having received a distribution that will be treated first as dividend income to the extent paid out of our current or accumulated earnings and profits, and then as a tax-free return of capital to the extent of the U.S. holder’s tax basis in our Common Stock, with any remaining amount being treated as capital gain. U.S. holders should consult their tax advisors regarding the tax effects to them of receiving cash in lieu of fractional shares based on their particular circumstances.

Non-U.S. Holders

Generally, non-U.S. holders will not recognize any gain or loss as a result of the Reverse Stock Split. In particular, gain or loss will not be recognized with respect to a non-U.S. holder that receives cash in lieu of a fractional share of Common Stock and whose proportionate interest in us is reduced (after taking into account certain constructive ownership rules) provided that (i) such gain or loss is not effectively connected with the conduct of a trade or business by such non-U.S. holder in the United States (or, if certain income tax treaties apply, is not attributable to a non-U.S. holder’s permanent establishment in the United States), (ii) with respect to a non-U.S. holder who is an individual, such non-U.S. holder is present in the United States for less than 183 days in the taxable year of the Reverse Stock Split and other conditions are met, and (iii) such non-U.S. holder complies with certain certification requirements. If such gain is effectively connected with the non-U.S. holder’s conduct of a trade or business in the U.S., and if an applicable income tax treaty so provides, the gain is attributable to a permanent establishment or fixed base maintained by the non-U.S. holder in the United States, the non-U.S. holder will be taxed on a net income basis at the regular tax rates and in the manner applicable to U.S. holders, and if the non-U.S. holder is a corporation, an additional branch profits tax at a rate of 30%, or a lower rate as may be specified by an applicable income tax treaty, may also apply. If the non-U.S. holder is an individual present in the United States for 183 days or more in the taxable year of the Reverse Stock Split and certain other requirements are met, the non-U.S. holder will be subject to a 30% tax (or such lower rate as may be specified by an applicable income tax treaty between the United States and such holder’s country of residence) on the net gain from the exchange of the shares of our Common Stock, which may be offset by certain U.S.-source capital losses of the non-U.S. holder, if any.

Notwithstanding the foregoing, with respect to a non-U.S. holder that receives cash in lieu of a fractional share of our Common Stock pursuant to the Reverse Stock Split and whose proportionate interest in us is not reduced (after taking into account certain constructive ownership rules), the gain will be treated as a dividend rather than capital gain to the extent of the non-U.S. holder’s ratable share of our current or accumulated earnings and profits as calculated for U.S. federal income tax purposes, then as a tax-free return of capital to the extent of (and in reduction of) the non-U.S. holder’s aggregate adjusted tax basis in the shares, and any remaining amount will be treated as capital gain.

We will withhold U.S. federal income taxes equal to 30% of any cash payments made to a non-U.S. holder as a result of the Reverse Stock Split that may be treated as a dividend, unless such holder properly demonstrates that a reduced rate of U.S. federal income tax withholding or an exemption from such withholding is applicable. For example, an applicable income tax treaty may reduce or eliminate U.S. federal income tax withholding, in which case a non-U.S. holder claiming a reduction in (or exemption from) such tax must provide us with a properly completed IRS Form W-8BEN (or other appropriate IRS Form W-8) claiming the applicable treaty benefit. Alternatively, an exemption generally should apply if the non-U.S. holder’s gain is effectively connected with a U.S. trade or business of such holder, and such holder provides us with an appropriate statement to that effect on a properly completed IRS Form W-8ECI.

Non-U.S. holders should consult their own tax advisors regarding possible dividend treatment and should consult their own tax advisor regarding the U.S. federal, state, local, and foreign income and other tax consequences of the Reverse Stock Split.

Information Reporting and Backup Withholding

Cash payments received by a U.S. holder of Common Stock pursuant to the Reverse Stock Split may be subject to information reporting and may be subject to U.S. backup withholding (currently at 24%) unless such holder provides proof of an applicable exemption or a correct taxpayer identification number and otherwise complies with the applicable requirements of the backup withholding rules. In general, backup withholding and information reporting will not apply to payment of cash in lieu of a fractional share of Common Stock to a non-U.S. holder pursuant to the Reverse Stock Split if the non-U.S. holder certifies under penalties of perjury that it is a non-U.S. holder, and the applicable withholding agent does not have actual knowledge to the contrary. In certain circumstances the amount of cash paid to a non-U.S. holder in lieu of a fractional share of Common Stock, the name and address of the beneficial owner and the amount, if any, of tax withheld may be reported to the IRS. Any amount withheld under the U.S. backup withholding rules is not an additional tax and will generally be allowed as a refund or credit against the holder’s U.S. federal income tax liability provided that the required information is timely furnished to the IRS.

FATCA

Under the Foreign Account Tax Compliance Act (“*FATCA*”), withholding taxes may apply to certain types of payments made to “foreign financial institutions” (as specially defined in the Code) and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on dividends on stock paid to a foreign financial institution or to a non-financial foreign entity, unless (i) the foreign financial institution undertakes certain diligence and reporting, (ii) the non-financial foreign entity either certifies it does not have any substantial U.S. owners or furnishes identifying information regarding each substantial U.S. owner, or (iii) the foreign financial institution or non-financial foreign

entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in clause (i) above, then, pursuant to an agreement between it and the U.S. Treasury or an intergovernmental agreement between, generally, the jurisdiction in which it is resident and the U.S. Treasury, it must, among other things, identify accounts held by certain U.S. persons or U.S.-owned foreign entities, annually report certain information about such accounts and withhold 30% on payments to non-compliant foreign financial institutions and certain other account holders.

Any cash paid to a non-U.S. holder as a result of the Reverse Stock Split that is treated as dividend may be subject to withholding under FATCA unless the requirements set forth above are satisfied (if applicable) and appropriate certifications are made. While withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of our Common Stock on or after January 1, 2019, proposed Treasury regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury regulations until final Treasury regulations are issued.

Interests of Directors and Executive Officers

Our directors and executive officers have no substantial interests, directly or indirectly, in the matters set forth in this proposal except to the extent of their ownership of shares of our Common Stock.

Vote Required

The affirmative vote of a majority of the votes cast by the holders of all shares of stock present or represented and voting on the Reverse Stock Split Proposal at the Annual Meeting is required to approve the Reverse Stock Split Proposal. This means that to be approved, the votes cast in favor of the Reverse Stock Split Proposal must exceed the votes cast against the Reverse Stock Split Proposal. Since abstentions are not considered votes cast, they will have no effect on this proposal. Broker non-votes are not expected for this proposal because we believe this matter is a routine matter. If there were to be any broker non-votes they would have no effect on the vote with respect to this proposal.

Approval by our stockholders of the Reverse Stock Split Proposal is not conditioned upon approval by our stockholders of the Authorized Increase Proposal (Proposal No. 5); conversely, approval by our stockholders of the Authorized Increase Proposal is not conditioned upon approval by our stockholders of the Reverse Stock Split Proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” APPROVAL OF THE REVERSE STOCK SPLIT PROPOSAL.

23

PROPOSAL NO. 4

APPROVAL OF THE WARRANT EXERCISE

We are seeking stockholder approval for the issuance of up to 2,926,166 shares of our Common Stock upon the exercise of common stock purchase warrants that were issued in connection with our private placement offering (the “*Private Placement*”) that closed on February 26, 2025, as contemplated by Nasdaq Listing Rules.

On February 25, 2025, we entered into a warrant inducement agreement (the “*Inducement Agreement*”) with certain holders (the “*Holders*”) of outstanding warrants to purchase shares of Common Stock issued in a private placement offering that closed on October 21, 2024 (the “*October Warrants*”), and a private placement offering that closed on August 5, 2024 (the “*August Warrants*” and, together with the October Warrants, collectively, the “*Existing Warrants*”). Pursuant to the Inducement Agreement, the Holders of the Existing Warrants agreed to exercise for cash (i) October Warrants to purchase an aggregate of up to 1,136,391 shares of Common Stock (the “*October Warrant Shares*”) at the reduced exercise price of \$0.58 per share and August Warrants to purchase an aggregate of up to 1,302,082 shares of Common Stock (the “*August Warrant Shares*” and, together with the October Warrant Shares, the “*Existing Warrant Shares*”), at the reduced exercise price of \$0.58 per share. The transactions contemplated by the Inducement Agreement (the “*Warrant Inducement*”) were consummated on February 26, 2025 (the “*Closing Date*”).

In consideration of the Holders’ immediate exercise of the Existing Warrants in accordance with the Inducement Agreement, we issued unregistered Common Stock Purchase Warrants (the “*New Warrants*”) to purchase an aggregate of up to 2,926,166 shares of Common Stock (120% of the number of Existing Warrant Shares issued upon exercise of the Existing Warrants) (the “*New Warrant Shares*”), at an exercise price of \$0.85, to the Holders of the Existing Warrants. We also issued to the financial advisor warrants to purchase up to 87,785 shares of our Common Stock with an exercise price of \$0.85 (the “*Advisor Warrants*”).

The New Warrants will be exercisable commencing on the effective date of stockholder approval for the issuance of the shares of Common Stock issuable upon exercise of the New Warrants (the “*Stockholder Approval Date*”) and will expire on the fifth anniversary of the Stockholder Approval Date. If at any time after the later of August 26, 2025, (the six month anniversary of the date of issuance) and the Stockholder Approval Date there is no effective registration statement under the Securities Act for the resale of the New Warrant Shares, any holder may, in its sole discretion, elect to exercise New Warrants through a cashless exercise, in which case such holder would receive upon such exercise the net number of shares of Common Stock determined according to the formula set forth in the New Warrant.

The exercise price of the New Warrants, and the number of New Warrant Shares, are subject to adjustment in the event of any stock dividend or split, reverse stock split, recapitalization, reorganization, or similar transaction, as described in the New Warrants. In addition, the New Warrants provide that we may also, at any time during the term of the New Warrants, subject to the prior written consent of the applicable holder, voluntarily reduce the then-current exercise price to any amount and for any period of time, subject to the rules and regulations of Nasdaq.

A holder will not have the right to exercise any portion of the New Warrants if the holder (together with its affiliates) would beneficially own in excess of 4.99% (or, upon election of the holder, 9.99%) of the number of shares of our Common Stock outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the New Warrants. However, any holder may increase or decrease such percentage, provided that any increase will not be effective until the 61st day after such election.

In the event of a Fundamental Transaction (as such term is defined in the New Warrant), then the successor entity will succeed to, and be substituted for the Company, and may exercise every right and power that the Company may exercise and will assume all of its obligations under the New Warrants with the same effect as if such successor entity had been named in the warrant itself. If holders of Common Stock are given a choice as to the securities, cash, or property to be received in a Fundamental Transaction, then the holder shall be given the same choice as to the consideration it receives upon any exercise of the New Warrants following such Fundamental Transaction. In addition, the successor entity, at the request of holders of New Warrants, will be obligated to purchase any unexercised portion of the New Warrants in accordance with the terms thereof. Notwithstanding the foregoing, in the event of a Fundamental Transaction, the holders of the New Warrants have the right to require the Company or a successor entity to redeem the New Warrants for cash in the amount of the Black Scholes Value (as defined in the New Warrant) of the unexercised portion of the New Warrants concurrently with or within 30 days following the consummation of a Fundamental Transaction. However, in the event of a Fundamental Transaction which is not in our control, including a Fundamental Transaction not approved by the Company’s Board, the holders of the New Warrants will only be entitled to receive from the Company or its successor entity, as of the date of consummation of such Fundamental Transaction, the same type or form of consideration (and in the same proportion), at the Black-Scholes Value of the unexercised portion of the New Warrant that is being offered and paid to the holders of Common Stock in connection with the Fundamental Transaction, whether that consideration is in the form of cash, stock, or any combination of cash and stock, or whether the holders of our Common Stock are given the choice to receive alternative forms of consideration in connection with the Fundamental Transaction.

The Advisor Warrants have substantially the same terms as the New Warrants, except that they are immediately exercisable and expire on the five-year anniversary of the date of issuance. In addition, the Advisor Warrants may be exercised in a “cashless” manner if at any time after the six-month anniversary of the date of issuance, there is no effective registration statement under the Securities Act for the resale of the shares of Common Stock issuable upon exercise of the Advisor Warrants.

We agreed in the Inducement Agreement to file a registration statement to register the resale of the New Warrant Shares (the “**Resale Registration Statement**”) within 45 calendar days of February 26, 2025, (the date of the Inducement Agreement) and to use commercially reasonable efforts to have the Resale Registration Statement declared effective by the SEC and to keep such registration statement effective at all times until the Holders no longer own any New Warrants or New Warrant Shares.

Reasons for the Warrant Exercise Proposal

Our Common Stock is listed on Nasdaq and trades under the ticker symbol “BIAF.” Nasdaq Listing Rule 5635(d) requires stockholder approval of transactions other than public offerings of greater than 20% of the outstanding Common Stock or voting power of an issuer prior to a private placement for less than the applicable Minimum Price. Under Rule 5635(d), the “**Minimum Price**” means a price that is the lower of: (i) the closing price immediately preceding the signing of the binding agreement or (ii) the average closing price of the Common Stock for the five trading days immediately preceding the signing of the binding agreement. The closing price of our Common Stock on Nasdaq on February 24, 2025, the trading date immediately preceding the signing of the Inducement Agreement, was \$0.78 per share and the average closing price of our Common Stock for the five trading days immediately preceding the signing of the Inducement Agreement was \$0.81. In order to comply with Nasdaq Listing Rule 5635(d), the New Warrants are not exercisable until Stockholder Approval is obtained.

We are seeking stockholder approval for the issuance of up to an aggregate of 2,926,166 shares of our Common Stock upon the exercise of the New Warrants. Effectively, stockholder approval of this Warrant Exercise Proposal is one of the conditions for us to receive up to approximately \$2.5 million in gross proceeds upon the exercise of the 2,926,166 New Warrants, if exercised for cash. Loss of these potential funds could adversely impact our ability to fund our operations.

The Board is not seeking the approval of our stockholders to authorize our entry into or consummation of the Warrant Inducement, as the Warrant Inducement has already been completed. We are only asking for approval to issue up to an aggregate of 2,926,166 New Warrant Shares upon exercise of the New Warrants.

Potential Consequences if Proposal No. 4 is Not Approved

The failure of our stockholders to approve this Proposal No. 4 will mean that (i) we cannot permit the exercise of the New Warrants and (ii) may incur substantial additional costs and expenses.

Each New Warrant has an initial exercise price of \$0.85 per share. Accordingly, we would realize an aggregate of up to approximately \$2.5 million in gross proceeds, if all the New Warrants were exercised for cash, which could adversely impact our ability to fund our operations. However, if we were to lower the exercise price of the New Warrants we will receive less proceeds.

Potential Adverse Effects of the Approval of Proposal No. 4

If this Proposal No. 4 is approved, existing stockholders will suffer dilution in their ownership interests in the future upon the issuance of the New Warrant Shares upon exercise of the New Warrants. Assuming the full exercise of the New Warrants, an aggregate of 2,926,166 additional shares of Common Stock will be outstanding, and the ownership interest of our existing stockholders would be correspondingly reduced. In addition, the sale into the public market of these shares also could materially and adversely affect the market price of our Common Stock.

Required Vote

The affirmative vote from the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the Warrant Exercise Proposal at the Annual Meeting is required for approval of this proposal. Abstentions will have the same effect as votes AGAINST this proposal. Broker non-votes will have no effect on this proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” APPROVAL OF THE WARRANT EXERCISE PROPOSAL.

PROPOSAL NO. 5

APPROVAL OF AN INCREASE IN THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Our Board is requesting stockholder approval of an amendment to our Certificate of Incorporation to increase the authorized number of shares of Common Stock from 100,000,000 shares to 350,000,000 shares. The form of amendment is attached to this proxy statement as Appendix B.

The additional Common Stock to be authorized by adoption of the amendment would have rights identical to the currently outstanding Common Stock of the Company. Although at present the Board has not approved any plans or proposals to issue any of the additional shares of Common Stock that would become authorized for issuance if this proposal is approved, the Board desires to have the shares available to provide additional flexibility to use the Common Stock for financing and business purposes in the future. Adoption of the proposed amendment and issuance of the Common Stock would not affect the rights of the holders of currently outstanding Common Stock of the Company, except for, with respect to the issuance of additional shares, effects incidental to increasing the number of shares of the Company’s Common Stock outstanding, such as dilution of the earnings per share and voting rights of current holders of Common Stock. If the amendment is adopted, it will become effective upon filing of a certificate of amendment of the Certificate of Incorporation with the Secretary of State of the State of Delaware.

As of the Record Date, in addition to the [] shares of Common Stock outstanding, the Board had reserved [] of the remaining authorized and unissued shares of the Company for issuances under the Company’s stock incentive plans and upon the exercise of outstanding warrants. Thus, as of the Record Date, the Company had only [] unissued and unreserved authorized shares of Common Stock.

Unless further stockholder approval is required for a proposed issuance of additional shares by the rules of Nasdaq or other applicable laws or regulations, the additional shares may be used for various purposes without further stockholder approval. These purposes may include raising capital, establishing strategic relationships with other companies, expanding the Company’s business or product lines through the acquisition of other businesses or products, the issuance of additional shares of stock pursuant to the anti-dilution provision of the May 2025 Warrants if Proposal No. 6 is approved by our stockholders, and other purposes.

The additional shares of Common Stock that would become available for issuance if the proposal is adopted could also be used by the Company to oppose a hostile takeover attempt or to delay or prevent changes in control or management of the Company. For example, without further stockholder approval, the Board could strategically sell shares of Common Stock in a private transaction to purchasers who would oppose a takeover or favor the current Board. Although this proposal to increase the authorized Common Stock has been prompted by business and financial considerations and not by the threat of any hostile takeover attempt (nor is the Board currently aware of any such attempts directed at the Company), stockholders should be aware that approval of the proposal could facilitate future efforts by the Company to deter or prevent changes in control of the Company, including transactions in which the stockholders might otherwise receive a premium for their shares over then current market prices.

If this proposal is not approved by our stockholders, our financing alternatives will likely be limited by the lack of sufficient unissued and unreserved authorized shares of Common Stock, and stockholder value may be harmed by this limitation. In addition, our future success depends upon our ability to attract, retain, and motivate highly skilled scientific, commercial, and managerial employees, and if this proposal is not approved by our stockholders, the lack of sufficient unissued and unreserved authorized shares of Common Stock to provide future equity incentive opportunities as the Board or the Compensation Committee thereof deems appropriate could adversely impact our ability to achieve these goals. In short, if our stockholders do not approve this proposal, we may not be able to access the capital markets; complete corporate collaborations, partnerships, or other strategic transactions; attract, retain, and motivate employees; and pursue other business opportunities integral to our growth and success.

Potential Anti-takeover Effects of the Increase

SEC Release No. 34-15230 requires disclosure and discussion of the effects of any action, including the proposals discussed herein, that may be used as an anti-takeover mechanism. Since the amendment to the Certificate of Incorporation will provide that the number of authorized shares of Common Stock will be 350,000,000, the increase in the number of shares of authorized Common Stock, if effected, will result in a relative increase in the number of authorized but unissued shares of our Common Stock vis-à-vis the outstanding shares of our Common Stock and, could, under certain circumstances, have an anti-takeover effect, although this is not the purpose or intent of the Board. It could potentially deter takeovers, including takeovers that the Board has determined are not in the best interest of our stockholders, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover more difficult. For example, we could issue additional shares so as to dilute the stock ownership or voting rights of persons seeking to obtain control without our agreement. Similarly, the issuance of additional shares to certain persons allied with our management could have the effect of making it more difficult to remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. The increase in the number of shares of authorized Common Stock therefore may have the effect of discouraging unsolicited takeover attempts. By potentially discouraging initiation of any such unsolicited takeover attempts, the increase may limit the opportunity for our stockholders to dispose of their shares at the higher price generally available in takeover attempts or that may be available under a merger proposal.

Interests of Directors and Executive Officers

Our directors and executive officers have no substantial interests, directly or indirectly, in the matters set forth in this proposal except to the extent of their ownership of shares of our Common Stock. However, as a condition to the closing of the best efforts public offering on May 7, 2025, our officers and directors executed support agreements, agreeing to vote in support of this Proposal No. 5, as well as the Anti-Dilution Adjustment Proposal (Proposal No. 6) and the Adjournment Proposal (Proposal No. 7).

Vote Required

The affirmative vote of a majority of the votes cast by the holders of all shares of stock present or represented and voting on the Authorized Increase Proposal at the Annual Meeting is required to approve the Authorized Increase Proposal. This means that to be approved, the votes cast in favor of the Authorized Increase Proposal must exceed the votes cast against the Authorized Increase Proposal. Since abstentions are not considered votes cast, they will have no effect on this proposal. Broker non-votes are not expected for this proposal because we believe this matter is a routine matter. If there were to be any broker non-votes they would have no effect on the vote with respect to this proposal.

Approval by our stockholders of this Authorized Increase Proposal is not conditioned upon approval by our stockholders of the Reverse Stock Split Proposal (Proposal No. 3) or Anti-Dilution Adjustment Proposal (Proposal No. 6). However, the Approval of this Authorized Increase Proposal is a condition to any Anti-Dilution Adjustment (as defined below in Proposal No. 6 below) being effected.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” APPROVAL OF THE AUTHORIZED INCREASE PROPOSAL.

26

PROPOSAL NO. 6

APPROVAL OF THE ANTI-DILUTION ADJUSTMENT

We are seeking stockholder approval of an Anti-Dilution Adjustment (as defined below) contained in the Common Stock purchase warrants (the “*May 2025 Warrants*”) issued in connection with our best efforts public offering that closed on May 7, 2025, pursuant to which, upon our consummation of a Dilutive Issuance (defined below) and subject to approval of Proposal No. 5, the exercise price of the May 2025 Warrants would be reduced to a minimum price of \$0.10 per share and, upon a reduction in the exercise price, the number of shares of Common Stock issuable upon exercise of the May 2025 Warrants would correspondingly be increased up to an aggregate maximum of 49,907,811 shares of our Common Stock (on a pre-reverse stock split basis which number shall be adjusted based on the reverse stock split ratio). A “*Dilutive Issuance*” will occur if, in a subsequent offering of our securities, the price paid for Common Stock, the exercise price of any options or warrants or the conversion price of any convertible securities issued in such subsequent offering (as determined pursuant to the terms of the May 2025 Warrants) is less than the exercise price immediately prior to such subsequent offering. In the event of such approval, upon a Dilutive Issuance, the exercise price of the May 2025 Warrants would be reduced, subject to approval of this Proposal No. 6 and Proposal No. 5, to an exercise price that is equal to the lowest of the price paid for Common Stock, the exercise price of any options or warrants or the conversion price of any convertible securities issued in such subsequent offering which constitutes a Dilutive Issuance (subject to a floor of \$0.10 per share) and the number of shares of our Common Stock underlying the May 2025 Warrants upon such exercise price reset would be increased so that the reset exercise price multiplied by the increased number of shares equals the aggregate proceeds that would have resulted from the full exercise of the May 2025 Warrants immediately prior to the reset (the “*Anti-Dilution Adjustment*”),

On May 7, 2025, we consummated a best efforts public offering (the “*Public Offering*”) of an aggregate of (i) 7,784,904 shares (the “*Shares*”) of Common Stock, (ii) pre-funded warrants (“*Pre-Funded Warrants*”) to purchase up to 2,371,346 shares of Common Stock (the “*Pre-Funded Warrant Shares*”) in lieu of Shares, and (iii) May 2025 Warrants to purchase up to 15,234,375 shares of Common Stock (the “*May 2025 Warrant Shares*”) (equal to 150% of the aggregate number of Shares and Pre-Funded Warrants sold in the Public Offering). Each Share and accompanying May 2025 Warrant was sold at a combined public offering price of \$0.32. Each Pre-Funded Warrant and accompanying May 2025 Warrant was sold at a combined public offering price of \$0.313.

In connection with the Public Offering on May 5, 2025, we entered into a securities purchase agreement (the “*Purchase Agreement*”) with certain investors, pursuant to which we agreed to hold a meeting of our stockholders within 90 days after the closing of the Public Offering for purposes of seeking Warrant Stockholder Approval (defined below). If we do not obtain Warrant Stockholder Approval at the first meeting, we are required to call a meeting every three (3) months thereafter to seek Warrant Stockholder Approval until the earlier of the date Warrant Stockholder Approval is obtained or the May 2025 Warrants are no longer outstanding. “*Warrant Stockholder Approval*” means approval from our stockholders of (i) the Anti-Dilution Adjustment (the approval sought by this Proposal No. 6) and (ii) an increase in the number of authorized shares of Common Stock to 350,000,000 shares of Common Stock under the Company’s Certificate of Incorporation (the approval sought by Proposal No. 5).

The May 2025 Warrants have an initial exercise price of \$0.352 per share (110% of the combined public offering price per share of Common Stock and accompanying May 2025 Warrant). In addition to the Anti-Dilution Adjustment, which is subject to the approval of this Proposal No. 6, the number of May 2025 Warrant Shares issuable upon exercise of the May 2025 Warrants are subject to an additional adjustment, which is not subject to stockholder approval, in the event we effect a reverse stock split prior to the expiration of the May 2025 Warrants. If we effect a reverse stock split while the May 2025 Warrants are outstanding, the number of May 2025 Warrant Shares issuable upon exercise of the May 2025 Warrants will increase by 30% (the “*Reverse Stock Split Adjustment*”). The May 2025 Warrants are immediately exercisable, except that the issuance of shares of Common Stock upon exercise of the May 2025 Warrants pursuant to the Anti-Dilution Adjustment is subject to Warrant Stockholder Approval. The May 2025 Warrants expire on the five-year anniversary of the later of the date that the Company files a Current Report on Form 8-K giving public notice of the Warrant Stockholder Approval (the “*Stockholder Approval Notice Date*”) and the effective date of the filing of a certificate of amendment to our Certificate of Incorporation to increase our authorized number of shares of Common Stock to 350,000,000 shares.

We agreed not to consummate a Dilutive Issuance until the earlier of (i) eight months from the closing date of the Public Offering; and (ii) later of (a) the filing of a registration statement registering certain shares of Common Stock issuable as a result of the Anti-Dilution Adjustment, (b) the Stockholder Approval Notice Date, and (c) the effective date of the filing of a certificate of amendment to our Certificate of Incorporation to increase our authorized number of shares of Common Stock to 350,000,000 shares.

Based on an initial exercise price of \$0.352 per share (equal to 110% of the combined offering price per Share and accompanying May 2025 Warrant), if a reverse stock split is effected, an additional 4,570,312 shares of Common Stock (on a pre-reverse stock split basis which number shall be adjusted based on the reverse stock split ratio) will be issuable upon exercise of the May 2025 Warrants (the “*Reverse Stock Split Adjustment Shares*”) and then, subject to the approval of this Proposal No. 6 (as well as approval of Proposal No. 5), if a Dilutive Issuance is consummated, an additional 49,907,811 shares of Common Stock (on a pre-reverse stock split basis which number shall be adjusted based on the reverse stock split ratio) would be issuable upon exercise of the May 2025 Warrants (the “*Anti-Dilution Adjustment Shares*”).

The exercise price of the May 2025 Warrants and number of shares of Common Stock issuable upon exercise thereof will also adjust in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications, or similar events. The May 2025 Warrants may be exercised on a cashless basis if at the time of exercise there is no effective registration statement registering, or the prospectus contained therein is not available for, the issuance of the May 2025 Warrant Shares to the holder, provided however that those purchasers who do not enter into the Purchase Agreement and do not provide the Company with information required for registration of the resale of shares of Common Stock shall not have any of their shares issuable as a result of an Anti-Dilution Adjustment included in the registration statement the Company will file covering shares issuable as a result of an Anti-Dilution Adjustment and will not be able to effect a cashless exercise with respect to such shares.

A holder of the May 2025 Warrants (together with its affiliates) may not exercise any portion of the May 2025 Warrant to the extent that the holder would own more than 4.99% (or 9.99%, at the election of the holder) of the outstanding shares of Common Stock immediately after exercise, except that upon at least 61 days’ prior notice from the holder to the Company, the holder may increase the amount of beneficial ownership of outstanding shares after exercising the holder’s May 2025 Warrants up to 9.99% of the number of the Company’s shares of Common Stock outstanding immediately after giving effect to the exercise.

Reasons for the Anti-Dilution Adjustment Proposal

We are seeking stockholder approval of the Anti-Dilution Adjustment contained in the May 2025 Warrants and the issuance of up to an aggregate maximum of 49,907,811 shares of our Common Stock (on a pre-reverse stock split basis which number shall be adjusted based on the reverse stock split ratio) upon exercise of the May 2025 Warrants, assuming that we consummate a Dilutive Issuance, triggering of the Anti-Dilution Adjustment, at a price of \$0.10 or less, because at the time the May 2025 Warrants were issued, we did not have a sufficient number of shares authorized to allow for the exercise in full of the May 2025 Warrants pursuant to the Anti-Dilution Adjustment.

The Board is not seeking the approval of our stockholders to authorize our entry into or consummation of the Public Offering, nor is the Board seeking approval of the issuance of the May 2025 Warrants, as the Public Offering has already been completed and the May 2025 Warrants have been issued. The Board is also not seeking stockholder approval of the Reverse Stock Split Adjustment or the issuance of the Reverse Stock Split Adjustment Shares upon exercise of the May 2025 Warrants, as the Reverse Stock Split Adjustment will be triggered if we effect a reverse stock split and the Reverse Stock Split Adjustment Shares will thereafter be issuable upon exercise of the May 2025 Warrants. This Proposal No. 6 only seeks approval of the Anti-Dilution Adjustment and the resulting reduction in exercise price and issuance of the maximum number of Anti-Dilution Adjustment Shares that could be issuable upon exercise of the May 2025 Warrants, if we should consummate a Dilutive Issuance.

Potential Consequences if Proposal No. 6 is Not Approved

The failure of our stockholders to approve this Proposal No. 6 will mean that we will incur substantial additional costs and expenses. The Purchase Agreement requires us to hold a meeting of our stockholders within 90 days after the closing of the Public Offering for purposes of seeking Warrant Stockholder Approval. If we do not obtain Warrant Stockholder Approval at the first meeting, we are required to call a meeting every three (3) months thereafter to seek Warrant Stockholder Approval until the earlier of the date Warrant Stockholder Approval is obtained or the May 2025 Warrants are no longer outstanding. In the event that we are unable to obtain the Warrant Stockholder Approval, the Anti-Dilution Adjustment will not be permitted.

Potential Adverse Effects of the Approval of Proposal No. 6

If this Proposal No. 6 is approved, existing stockholders will suffer dilution in their ownership interests in the future upon the issuance of the Anti-Dilution Warrant Shares upon exercise of the May 2025 Warrants if a Dilutive Issuance is effected while the May 2025 Warrant is outstanding. The May 2025 Warrants are currently exercisable for up to 15,234,375 shares of Common Stock and will be exercisable for an additional 4,570,312 shares of Common Stock if we effect a reverse stock split. If the Anti-Dilution Adjustment is approved by our stockholders pursuant to this Proposal No. 6 and Proposal No. 5 is approved, up to an additional 49,907,811 shares of Common Stock (on a pre-reverse stock split basis which number shall be adjusted based on the reverse stock split ratio) will be issuable upon exercise of the May 2025 Warrants, assuming the Anti-Dilution Adjustment is triggered and the exercise price of the May 2025 Warrant is reduced to the \$0.10 floor price. Assuming the full exercise of the May 2025 Warrants (including pursuant to the Reverse Stock Split Adjustment and the Anti-Dilution Adjustment), an aggregate of 69,712,498 additional shares of Common Stock will be outstanding, and the ownership interest of our existing stockholders would be correspondingly reduced. In addition, the sale into the public market of these shares also could materially and adversely affect the market price of our Common Stock.

Interests of Directors and Executive Officers

Our directors and executive officers have no substantial interests, directly or indirectly, in the matters set forth in this proposal. However, as a condition to the closing of the best efforts public offering on May 7, 2025, our officers and directors executed support agreements, agreeing to vote in support of this Proposal No. 6, as well as the Authorized Increase Proposal (Proposal No. 5) and the Adjournment Proposal (Proposal No. 7).

Required Vote

The affirmative vote from the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the Anti-Dilution Adjustment Proposal at the Annual Meeting is required for approval of this proposal. Abstentions will have the same effect as votes AGAINST this proposal. Broker non-votes will have no effect on this proposal.

Approval by our stockholders of this Anti-Dilution Adjustment Proposal is not conditioned upon approval by our stockholders of the Authorized Increase Proposal (Proposal No. 5).

**THE BOARD UNANIMOUSLY RECOMMENDS
A VOTE “FOR” APPROVAL OF THE
ANTI-DILUTION ADJUSTMENT PROPOSAL.**

APPROVAL OF THE ADJOURNMENT PROPOSAL

Background of and Rationale for the Adjournment Proposal

The Board of Directors believes that if the number of shares of our Common Stock outstanding and entitled to vote at the Annual Meeting is insufficient to approve the Reverse Stock Split Proposal, the Warrant Exercise Proposal, the Authorized Increase Proposal, and/or the Anti-Dilution Adjustment Proposal, it is in the best interests of the stockholders to enable the Board to continue to seek to obtain a sufficient number of additional votes to approve the Reverse Stock Split Proposal, the Warrant Exercise Proposal, the Authorized Increase Proposal, and/or the Anti-Dilution Adjustment Proposal.

In the Adjournment Proposal, we are asking stockholders to authorize the holder of any proxy solicited by the Board to vote in favor of adjourning or postponing the Annual Meeting or any adjournment or postponement thereof. If our stockholders approve this proposal, we could adjourn or postpone the Annual Meeting, and any adjourned session of the Annual Meeting, to use the additional time to solicit additional proxies in favor of the Reverse Stock Split Proposal, the Warrant Exercise Proposal, the Authorized Increase Proposal, and/or the Anti-Dilution Adjustment Proposal.

Additionally, approval of the Adjournment Proposal could mean that, in the event we receive proxies indicating that holders of a majority of the number of shares present in person or represented by proxy at the Annual Meeting will vote against the Reverse Stock Split Proposal, the Warrant Exercise Proposal, the Authorized Increase Proposal, and/or Anti-Dilution Adjustment Proposal, we could adjourn or postpone the Annual Meeting without a vote on the Reverse Stock Split Proposal, the Warrant Exercise Proposal, the Authorized Increase Proposal, and/or the Anti-Dilution Adjustment Proposal and use the additional time to solicit the holders of those shares to change their vote in favor of the Reverse Stock Split Proposal, the Warrant Exercise Proposal, the Authorized Increase Proposal, and/or the Anti-Dilution Adjustment Proposal.

Interests of Directors and Executive Officers

Our directors and executive officers have no substantial interests, directly or indirectly, in the matters set forth in this proposal. However, as a condition to the closing of the best efforts public offering on May 7, 2025, our officers and directors executed support agreements, agreeing to vote in support of this Proposal No. 7, as well as the Authorized Increase Proposal (Proposal No. 5) and the Anti-Dilution Adjustment Proposal (Proposal No. 6).

Vote Required

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the Annual Meeting is required to approve the Adjournment Proposal. Abstentions will have the same effect as a vote AGAINST the proposal. Broker non-votes are not expected for this proposal because we believe this matter is a routine matter. If there were to be any broker non-votes they would have no effect on this proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” APPROVAL OF THE ADJOURNMENT PROPOSAL.

Bonuses

On January 26, 2024, the Compensation Committee adopted the bioAffinity Technologies, Inc. Management Incentive Bonus Plan. The purpose of the Bonus Plan is to align officers' and other employees' efforts with the strategic goals of the Company through competitive annual incentive opportunities. The Bonus Plan is administered by the Compensation Committee. The Compensation Committee has the power to grant awards under the Bonus Plan, determine the amount of cash and/or equity to be paid pursuant to each award, and the terms and conditions of each award. Awards may provide for payment in installments, or upon the satisfaction of qualitative performance standards or quantitative performance standards, on an individual, divisional, or company-wide basis, as determined by the Compensation Committee. Equity awards will be issued in accordance with, and pursuant to, any equity-related incentive plan maintained by the Company.

Each participant in the Bonus Plan will be entitled to receive payment of the award for a plan year only after certification by the Compensation Committee that the targets associated with such award have been satisfied. Final payments with respect to awards will vary based on the level of achievement measured against the pre-determined performance measures. Except as may be approved by the Compensation Committee, each participant must be employed full-time on the date of payment, and not under a notice of termination, to receive the amount earned under the award. Except as otherwise provided by the Compensation Committee, awards will be paid on or before March 15 following the end of the plan year in which payment under the award is earned. The Compensation Committee will have the discretion to reduce or eliminate the amount otherwise payable to a participant if it determines that such a reduction or elimination is in the best interests of the Company.

The annual bonus awards for fiscal 2024 under the Bonus Plan for all of our named executive officers were based on the following performance measures: (i) securing adequate financing with a performance weighting of 25%, (ii) generating sales and profit from Precision Pathology Laboratory Services with a performance weighting of 45%, (iii) advancing a collaborative relationship with the Department of Defense with a performance weighting of 25%; and (iv) timely SEC filings with a performance weighting of 5%.

For 2024, our Compensation Committee set award levels for each of named executive officers as percentages of their base salaries as shown in the following table:

Participant	Base Salary	Target %	Max. Payout of Base Salary
Maria Zannes	\$ 300,000 ⁽¹⁾	20%	30%
J. Michael Edwards	\$ 50,000 ⁽²⁾	20%	30%
Steven Girgenti	\$ 120,000	20%	30%

- (1) Bonus metric for Ms. Zannes was updated to be based on amended salary.

On January 10, 2025, the Compensation Committee met to determine and certify the extent to which the fiscal 2024 performance measures under the Bonus Plan were achieved. For 2024, the Compensation Committee determined that each of the performance measures were achieved at the target level. Accordingly, based on the formula previously adopted, the Compensation Committee approved bonuses for each of Maria Zannes, Xavier Reveles, and Steven Girgenti for calendar year 2024 of \$60,000, \$35,000 and \$24,000, respectively to be paid 50% in cash and 50% in shares of restricted stock. The number of shares of restricted stock issued were determined by dividing the cash value of 50% of each executive's bonus by the closing price of the Company's common stock on January 10, 2025. The restricted stock awards granted on January 10, 2025, are not included in the Summary Compensation Table for 2024 and will appear in the Summary Compensation Table for 2025.

Clawback Policy

There is no fault or misconduct required to trigger a clawback.

The Compensation Committee shall determine, in its sole discretion, the timing and method for promptly recouping such erroneously awarded compensation, which may include without limitation: (i) seeking reimbursement of all or part of any cash or equity-based award, (ii) cancelling prior cash or equity-based awards, whether vested or unvested or paid or unpaid, (iii) cancelling or offsetting against any planned future cash or equity-based awards, (iv) forfeiture of deferred compensation, subject to compliance with Section 409A of the Internal Revenue Code and the regulations promulgated thereunder, and (v) any other method authorized by applicable law or contract. deferred by the executive officer.

Equity Compensation Policy and Practices

While we do not have a formal written policy in place with regard to the timing of awards of options in relation to the disclosure of material nonpublic information, the Compensation Committee does not seek to time equity grants to take advantage of information, either positive or negative, about our Company that has not been publicly disclosed. It has been our practice to grant equity awards to our officers and directors upon their appointment. We intend to issue equity grants to our officers and directors at the same time each year. It is our policy to grant our executive officers annual equity awards of restricted stock in the first quarter of each year and to grant our directors annual equity awards of restricted stock on July 1 of each year. Option grants, if any, are effective on the date the award determination is made by the Compensation Committee, and the exercise price of options is the closing market price of our Common Stock on the business day of the grant or, if the grant is made on a weekend or holiday, on the prior business day.

During the fiscal year ended December 31, 2024, we did not award any options to a named executive officer, and we did not time the disclosure of material nonpublic information for the purpose of affecting the value of executive compensation.

SECURITY OWNERSHIP OF MANAGEMENT AND CERTAIN BENEFICIAL OWNERS

The following table sets forth information regarding the beneficial ownership of shares of the Company's Common Stock as of May 29, 2025, by (i) each person known to the Company to beneficially own more than 5% of any class of the Company's outstanding voting securities, (ii) each director and nominee for director, (iii) each of our named executive officers, and (iv) all of the Company's directors and executive officers as a group.

Beneficial ownership is determined according to the rules of the SEC, which generally provide that a person has beneficial ownership of a security if he, she, or it possesses sole or shared voting or investment power over that security, including options and warrants that are currently exercisable or exercisable within 60 days. In computing the number of shares beneficially owned by a person or entity and the percentage ownership of that person or entity in the table below, all shares subject to options and warrants were deemed outstanding if such securities are currently exercisable or will vest within 60 days of May 29, 2025, the Record Date. These shares were not deemed outstanding, however, for the purpose of computing the percentage ownership of any other person or entity.

The percentage of beneficial ownership of the Company's Common Stock is based on 27,867,689 shares of Common Stock outstanding as of May 29, 2025.

Unless otherwise indicated, the Company believes that each person named in the table below has sole voting and investment power with respect to all shares of Common Stock beneficially owned by such person.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Related-Party Transactions

- the Company was or is to be a participant;

PPLS Acquisition of the Laboratory

On September 18, 2023, the Company’s wholly owned subsidiary, PPLS, consummated the acquisition of the laboratory assets of Village Oaks Pathology Services, P.A., d/b/a Precision Pathology Services, pursuant to the terms of the Asset Purchase Agreement with Village Oaks. As a result of the acquisition, the CAP-accredited, CLIA-certified clinical pathology laboratory is owned by PPLS. Dr. Roby Joyce was the Medical Director and Laboratory Director of the clinical pathology laboratory prior to the acquisition, and he continues to serve as Medical Director and Laboratory Director of PPLS after the acquisition. Founded in 2007 by Dr. Joyce, Village Oaks has provided pathology services to physicians practicing in a variety of outpatient settings. Since September 2021, Village Oaks, under the trade name Precision Pathology Services, had offered CyPath® Lung for sale as an LDT for the detection of early-stage lung cancer. In addition to CyPath® Lung, PPLS intends to continue to offer a range of laboratory services including respiratory testing for anatomical pathology, morphological stains, histological services, sexually transmitted infection (“*STI*”) testing, and women’s and men’s health testing.

Pursuant to the terms of the Asset Purchase Agreement, PPLS acquired the laboratory assets, which included all of the assets owned by Village Oaks, other than medical assets, which are assets Village Oaks used in connection with its management and operation of a clinical pathology laboratory, now owned by PPLS, and related services business, and assumed certain liabilities and obligations. The laboratory is a clinical pathology laboratory that is CAP-accredited and CLIA-certified. Pursuant to the terms of the Asset Purchase Agreement, Village Oaks received \$3,500,000 in consideration for the assets to be purchased by PPLS, of which \$1,000,000 was paid by the issuance of 564,972 shares of our restricted Common Stock to the Joyce Trust, which share number was determined by dividing \$1,000,000 by \$1.77, the average of the trading day closing prices for the 30 days prior to September 15, 2023, rounded to the nearest whole share.

The Asset Purchase Agreement contains customary representations, warranties, and covenants made by PPLS and Village Oaks, and consummation of the transaction was subject to customary closing conditions, including, among other things, entry into the other ancillary agreements described below.

Pursuant to the Asset Purchase Agreement, PPLS assumed all liabilities and obligations under and obtained any and all rights, title, and interest of Village Oaks in and to (i) the Assumed Leases under the Assumption Agreement; (ii) the Assumed Contracts under the Assumption Agreement; (iii) all accounts payable of Village Oaks as of September 18, 2023, that were incurred in the ordinary course of business consistent with past custom and practice; and (iv) the lease of the premises used in connection with operation of the CLIA-certified and CAP-accredited clinical pathology laboratory, pursuant to the Assignment and Assumption of Lease, which Assignment of Lease was consented to by the landlord of the leased premises. The monthly rent is currently \$10,143.83 per month, and the term of the Lease is five years.

In connection with the Asset Purchase Agreement, PPLS entered into the Management Services Agreement with Village Oaks, pursuant to which PPLS will provide comprehensive management and administrative services to Village Oaks in connection with the operation of Village Oaks’ professional cytopathology, histopathology, clinical and anatomic pathology interpretation medical services practice. PPLS will provide space, equipment, administrative, management and clinical personnel, billing and collection, and related management services to Village Oaks in exchange for a management fee of 70% of the net revenues received by Village Oaks from the provision of the medical services. The Management Services Agreement has an initial term of 20 years and provides that upon expiration of the initial term, it will be automatically extended for two

additional successive terms of five years each, unless either party delivers written notice of its intention not to extend the term of the agreement not less than 90 days prior to the expiration of the preceding term. The Management Services Agreement also provides that until the fifth anniversary of its effective date, Village Oaks will not, without the prior written approval of PPLS own, operate, or have any financial interest in any other person or entity that operates an independent laboratory or an enterprise within the United States that provides or promotes management or administrative services or any product or services substantially similar to those provided by PPLS.

In connection with the Asset Purchase Agreement, PPLS entered into the Succession Agreement, pursuant to which Dr. Joyce, as holder of 100% of the issued and outstanding stock of Village Oaks, and Village Oaks are restricted from disposing of their equity interests in Village Oaks, subject to certain exceptions, without the prior written consent of the Company and Village Oaks. The Succession Agreement further provides that the entire equity interest held by Dr. Joyce in Village Oaks will be automatically assigned and transferred to a successor who meets the Eligibility Requirements of a Designated Physician, as such terms are defined and described in the Succession Agreement, in the event of, among other things, the death, disability, retirement, or a court's determination of incompetence of Dr. Joyce, as well as Dr. Joyce's failure to satisfy the eligibility requirements of a Designated Physician, exclusion or disqualification from participation in the Medicare program, conviction of a felony or crime or moral turpitude, bankruptcy filing, or material breach of the Succession Agreement. In the event of the automatic transfer of Dr. Joyce's equity interests in Village Oaks as provided in the Succession Agreement, such agreement provides that the board of directors of Village Oaks shall nominate a group of three candidates as the Designated Physician who satisfy the Eligibility Requirements. In the event the Company desires not to select any of such candidates, the Company shall select and appoint a successor Designated Physician from any other physicians that satisfy the Eligibility Requirements. Subject in all cases to the Management Services Agreement, Dr. Joyce shall not cause any voluntary interruption of the conduct of Village Oaks' business and operations and shall use commercially reasonable efforts to preserve (or assist us in preserving) all rights, privileges, and franchises held by Village Oaks, including the maintenance of all contracts, copyrights, trademarks, licenses, and registrations.

In connection with the Asset Purchase Agreement, PPLS entered into the Professional Services Agreement with Village Oaks, pursuant to which Village Oaks will provide pathology interpretation services as requested on behalf of PPLS based on the professional fees approved for the CPT code for the services provided under the Medicare Physician Fee Schedule in the locality where the test is performed. The Professional Services Agreement has an initial term of 20 years and provides that upon expiration of the initial term, it will be automatically extended for successive terms of 12 months each, unless either party delivers written notice of its intention not to extend the term of the agreement not less than 30 days prior to the expiration of the preceding term.

In connection with the Asset Purchase Agreement, the Company entered into the Executive Employment Agreement with Dr. Joyce, for a term of three years, to serve as the Medical Director and Laboratory Director of PPLS at a base salary of \$333,333.34 per year. Pursuant to the Joyce Employment Agreement, Dr. Joyce was also appointed to serve on our Board. Dr. Joyce will be eligible to participate in or receive benefits under our benefit plans generally made available to executives of similar status and responsibilities and will be provided use of a company car. In the event the Joyce Employment Agreement is terminated for any reason, including by Dr. Joyce upon 60 days' notice, by us for cause, or by reason of Dr. Joyce's death, Dr. Joyce (or his estate as applicable) will receive his base salary for the remainder of the three-year employment term. However, the Joyce Employment Agreement provides that if Dr. Joyce breaches any of the restrictive covenants set forth in the Joyce Employment Agreement, including a covenant not to compete during his term of employment and a covenant not to knowingly disclose confidential information, such breach will be grounds for the immediate termination of Dr. Joyce and will result in the forfeiture of all compensation and benefits otherwise due to Dr. Joyce.

One of the Assumed Leases is the Hologic Equipment Lease, pursuant to which PPLS leases reagent equipment from Hologic and is required to purchase a minimum number of specified testing kits each year. The total monthly minimum purchase commitment PPLS is required to pay Hologic, inclusive of the lease of the reagent equipment, is \$16,914 per month. The term of the Hologic Equipment Lease currently expires on December 20, 2027.

Another of the Assumed Leases is the Leica Equipment Lease, pursuant to which PPLS leases reagent equipment from Leica and is required to purchase a minimum number of specified testing kits. The total monthly minimum purchase commitment PPLS is required to pay to Leica, inclusive of the lease of the reagent equipment, is \$19,790 per month. The term of the Leica Equipment Lease currently expires on March 23, 2026.

One of the Assumed Contracts is the License Agreement. Pursuant to the License Agreement, Pathology Watch granted a license to its digital imaging cloud-based pathology platform to facilitate remote interpretation and billing of pathology specimens by qualified professionals to PPLS for a monthly fee of \$25,000. In connection with the License Agreement, Pathology Watch also provides certain support services and marketing vendor services to PPLS for the monthly fee of \$38,000, for a total monthly fee paid by PPLS to Precision Watch of \$63,000. The License Agreement is for an initial term of 12 months, unless terminated by either party upon 90 days' notice, and provides that upon expiration of the initial term (or any renewal term), it will be automatically extended for successive 12-month terms, unless either party notifies the other party of its intention not to renew the License Agreement not less than 90 days prior to the expiration of the current term.

In connection with the Asset Purchase Agreement, Dr. Joyce, on behalf of Village Oaks, executed the Bill of Sale, pursuant to which all rights, title, and interest of Village Oaks in and to the permits listed on Exhibit A attached thereto, inclusive of the CLIA-certificate and CAP-accreditation, notwithstanding the transfer of the CLIA certificate by operation of law to PPLS upon consummation of the Acquisition, were confirmed to have been transferred and assigned to PPLS.

Amendment to Warrants

On September 17, 2023, Mr. Girgenti, the Cranye Girgenti Testamentary Trust, Gary Rubin, The Harvey Sandler Revocable Trust, a trust of which Mr. Rubin is a co-trustee, Ms. Zannes and Dr. Joyce consented to an amendment of the terms of the outstanding warrants that they own. Such warrants include (i) Tradeable Warrants to purchase 98,198, 39,182, and 39,182 shares of Common Stock owned by Mr. Girgenti, The Harvey Sandler Revocable Trust, and Ms. Zannes, respectively; (ii) Non-Tradeable Warrants to purchase 102,286, 40,813, and 40,813 shares of Common Stock owned by Mr. Girgenti, The Harvey Sandler Revocable Trust, and Ms. Zannes, respectively; and (iii) Pre-IPO Warrants to purchase 469,063, 8,332, 571,373, 23,571, 17,137, and 14,285 shares of Common Stock owned by Mr. Girgenti, the Cranye Girgenti Testamentary Trust, Mr. Rubin, The Harvey Sandler Revocable Trust, Ms. Zannes, and Dr. Joyce, respectively. The warrant amendment provided that such warrants will not be exercisable until the date that we filed a certificate of amendment to our Certificate of Incorporation with the State of Delaware which increased the number of shares of our authorized Common Stock to allow for sufficient authorized and unissued shares of Common Stock for the full exercise of all of the outstanding Pre-IPO Warrants, Tradeable Warrants and Non-Tradeable Warrants of the Company and the issuance of all of the shares of Common Stock underlying such warrants. On June 5, 2024, we filed an amendment to our certificate of incorporation to increase the number of shares of Common Stock authorized for issuance from 25,000,000 to 100,000,000, after receiving the approval of our stockholders of such certificate of amendment at our 2024 Annual Meeting of Stockholders. Upon the filing of the certificate of amendment, the aforementioned warrants became exercisable and the warrant amendment was rendered moot.

OTHER MATTERS

No business other than the matters set forth in this Proxy Statement is expected to come before the Annual Meeting but should any other matters requiring a vote of stockholders arise, including a question of adjourning the meeting, the persons named in the accompanying proxy will vote thereon according to their best judgment in the interest of the Company. In the event that any of the nominees for director should withdraw or otherwise become unavailable for reasons not presently known, the persons named as proxies will vote for such substitute nominee(s) as the Board recommends, or in the absence of such recommendation, such other persons as they consider to be in the best interests of the Company.

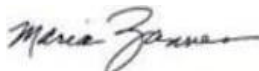

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements, annual reports, and notices of internet availability of proxy materials with respect to two or more stockholders sharing the same address by delivering a single copy of the applicable document(s) addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

Brokers with account holders who are stockholders of the Company may be "householding" our proxy materials. A single proxy statement or notice may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in "householding."

Street-name stockholders who are currently receiving householded materials may revoke their consent, and street-name shareholders who are not currently receiving householded materials may request householding of our future materials, by contacting Broadridge Financial Services, Inc., either by calling toll free at (866) 540-7095 or by writing to Broadridge Household Department, 51 Mercedes Way, Edgewood, New York 11717. If you revoke your consent, you will be removed from the "householding" program within 30 days of Broadridge's receipt of your revocation, and each stockholder at your address will receive individual copies of our future materials.

By Order of the Board of Directors:
